## Twenty-sixth Session

3-7 October 2022

### Note on Special Procedures for a hybrid meeting of the Committee on Forestry

#### Executive Summary

This document outlines the special procedures to be applied for the 26th Session of the Committee on Forestry (the Committee), on an exceptional basis, in light of the hybrid modality of the Session necessary to meet health and safety considerations arising from the COVID-19 pandemic. These special procedures build upon the special procedures enacted for the virtual 25th Session of the Committee on Forestry, as well as the hybrid 168th, 169th and 170th Sessions of the FAO Council.

A Written Correspondence Procedure will be implemented for items 8.1, 8.2 and 9.3 of the agenda in order to streamline the time management of the proceedings. In addition, introductory presentations on all agenda items shall be made available ahead of the Session. Members of the Committee will be invited to endorse these special procedures under item 1 of the Provisional Agenda of the Committee. The Report of the Session will record the Committee's endorsement of these procedures in order to ensure the integrity of the Report of the Session and all recommendations and decisions contained therein.

## I. Introduction

1. The Secretariat has consulted with members of the Steering Committee of the 26th Session of the Committee on Forestry on the modalities of the forthcoming session. The outcome of these consultations is reflected in the special procedures outlined in this document. Members of the Committee will be invited to endorse these special procedures under item 1 of the Provisional Agenda of the 26th Session of the Committee (the Committee).
2. These special procedures apply on an exceptional basis for the Committee in light of the COVID-19 pandemic and the resulting hybrid modality, comprising both in-person and virtual dimensions of this Committee session. The adoption of such procedures shall not create a precedent for the working methods of the Committee for its future sessions.

## II. Conduct of Debate

3. All meetings of the Committee will be conducted in hybrid modality with both physical presence in FAO headquarters and participation through the Zoom videoconferencing platform. The Zoom meeting will be broadcast on large screens inside the meeting room so that participants attending the Session physically will be able to see the participants attending the meeting virtually, and vice-versa.
4. Due to the restrictions in place for the containment of the COVID-19 pandemic, a limited number of delegates will attend the Session in-person. Three representatives per Member of the Committee, as well as the Chairperson and Vice-Chairpersons of the Committee, and the Chairpersons of the Statutory Bodies in Forestry, will be invited to attend the Session in physical modality in Plenary Hall, FAO headquarters. One representative per Observer will be invited to attend the Session in physical modality in Plenary Hall, FAO headquarters.
5. The Red and Green Rooms inside FAO headquarters will be available to additional delegates of Members as well as representatives of the Observers of the Committee, should they wish to follow the Session in-person.
6. Any further refinements to the modality for physical participation for the Committee will be communicated immediately before the start of the Session.
7. Members and Observers of the Committee attending the Session virtually will be granted equal accessibility and capability inside the Zoom meeting platform and will be able to address the Committee by requesting the floor using the 'raise hand' function in the Zoom platform.
8. The draft conclusions of the agenda items will be displayed to all Members and Observers of the Committee through the 'share screen' function on the Zoom videoconferencing platform. The conclusions will also be visible on dedicated screens in the meeting room for participants attending the meeting in-person. Any adjustments to the draft conclusions will be made on the screens in real time.
9. The meetings of the Drafting Committee of the Committee will be held in hybrid format in the same manner as its Plenary meetings.
