1. INTRODUCTION . . . . .	1
1.1 General Remarks on the Order Ophidiiformes . . . . .	1
1.2 General Remarks on Suborders and Families . . . . .	3
1.3 Developmental Stages . . . . .	4
1.4 Information on Fisheries . . . . .	5
1.5 Plan of the Systematic Catalogue . . . . .	5
1.6 Problems with Identification . . . . .	6
1.7 Illustrated Glossary of Technical Terms . . . . .	6
2. SYSTEMATIC CATALOGUE . . . . .	9
2.1 Order Ophidiiformes . . . . .	9
Key to suborders . . . . .	9
2.2 Suborder Ophidioidei . . . . .	9
Key to families . . . . .	9
2.3 Family Carapidae . . . . .	10
Key to genera . . . . .	10
List of nominal genera . . . . .	10
<i>Carapus</i> . . . . .	11
Key to species . . . . .	12
List of nominal species . . . . .	12
<i>Echiodon</i> . . . . .	13
Key to species . . . . .	13
List of nominal species . . . . .	14
<i>Encheliophis</i> . . . . .	15
Key to species . . . . .	15
List of nominal species . . . . .	16
<i>Eurypleuron</i> , monotypic . . . . .	17
List of nominal species . . . . .	18
<i>Onuxodon</i> . . . . .	18
Key to species . . . . .	19
List of nominal species . . . . .	19
<i>Pyramodon</i> . . . . .	19
Key to species . . . . .	20
List of species . . . . .	20
<i>Snyderidia</i> , monotypic . . . . .	21
List of nominal species . . . . .	21
2.4 Family Ophidiidae . . . . .	22
Key to subfamilies . . . . .	22
2.4.1 Subfamily Brotulinae . . . . .	22

	<b>Page</b>
<i>Brotula</i> . . . . .	23
List of nominal species . . . . .	23
<i>B. barbata</i> , species account . . . . .	24
<i>B. multibarbata</i> , species account . . . . .	24
2.4.2 Subfamily Brotulotaeniinae . . . . .	25
<i>Brotulotaenia</i> . . . . .	25
Key to species . . . . .	26
List of species . . . . .	26
2.4.3 Subfamily Ophidiinae . . . . .	26
Key to tribes . . . . .	27
List of nominal genera . . . . .	27
Tribe Lepophidiini . . . . .	28
Key to genera . . . . .	28
<i>Cherublemma</i> , monotypic . . . . .	28
List of nominal species . . . . .	29
<i>Genypterus</i> . . . . .	29
List of nominal species . . . . .	29
<i>G. blacodes</i> , species account . . . . .	29
<i>G. capensis</i> , species account . . . . .	31
<i>G. chilensis</i> , species account . . . . .	32
<i>G. maculatus</i> , species account . . . . .	33
<i>G. tigerinus</i> , species account . . . . .	34
<i>Lepophidium</i> . . . . .	34
Key to species . . . . .	35
List of nominal species . . . . .	35
<i>L. brevibarbe</i> , species account . . . . .	36
<i>L. negropinna</i> , species account . . . . .	37
Tribe Ophidiini . . . . .	38
Key to genera . . . . .	38
<i>Chilara</i> , monotypic . . . . .	39
List of nominal species . . . . .	39
<i>Ophidion</i> . . . . .	39
List of nominal species . . . . .	40
<i>O. holbrooki</i> , species account . . . . .	41
<i>Otophidium</i> . . . . .	42
List of species . . . . .	43
<i>Parophidion</i> . . . . .	43
List of species . . . . .	44
<i>Raneya</i> , monotypic . . . . .	44
List of nominal species . . . . .	44
2.4.4 Subfamily Neobythitinae . . . . .	44
Key to genera . . . . .	45

	<b>Page</b>
List of nominal genera . . . . .	48
<i>Abyssobrotula</i> , monotypic . . . . .	50
<i>Acanthonus</i> , monotypic . . . . .	50
List of nominal species . . . . .	51
<i>Alcockia</i> , monotypic . . . . .	51
<i>Apagesoma</i> . . . . .	52
Key to species . . . . .	52
List of species . . . . .	52
<i>Barathrites</i> . . . . .	53
Key to species . . . . .	53
List of nominal species . . . . .	53
<i>Barathrodemus</i> . . . . .	54
Key to species . . . . .	54
List of nominal species . . . . .	54
<i>Bassogigas</i> , monotypic . . . . .	54
<i>Bassozetus</i> . . . . .	55
Key to species . . . . .	56
List of species . . . . .	57
<i>Bathyonus</i> . . . . .	58
List of nominal species . . . . .	59
<i>Benthocometes</i> , monotypic . . . . .	59
List of nominal species . . . . .	59
<i>Dannevigia</i> , monotypic . . . . .	60
<i>Dicrolene</i> . . . . .	60
Key to species . . . . .	61
List of species . . . . .	62
<i>Enchelybrotula</i> . . . . .	63
Key to species . . . . .	63
List of species . . . . .	63
<i>Epetriodus</i> , monotypic . . . . .	64
<i>Eretmichthys</i> , monotypic . . . . .	64
List of nominal species . . . . .	65
<i>Glyptophidium</i> . . . . .	65
Key to species . . . . .	66
List of species . . . . .	67
<i>Holcomycteronus</i> . . . . .	67
List of nominal species . . . . .	68
<i>Homostolus</i> , monotypic . . . . .	68
List of nominal species . . . . .	68
<i>Hoplobrotula</i> . . . . .	69
Key to species . . . . .	69
List of species . . . . .	69

	<b>Page</b>
<i>Hypopleuron</i> , monotypic . . . . .	70
<i>Lamprogrammus</i> . . . . .	70
Key to species . . . . .	71
List of nominal species . . . . .	71
<i>Leptobrotula</i> , monotypic . . . . .	72
<i>Leucicorus</i> . . . . .	72
Key to species . . . . .	73
List of species . . . . .	73
<i>Luciobrotula</i> . . . . .	73
Key to species . . . . .	74
List of species . . . . .	75
<i>Mastigopterus</i> . . . . .	75
Key to species . . . . .	75
List of species . . . . .	75
<i>Monomitopus</i> . . . . .	76
Key to species . . . . .	77
List of species . . . . .	78
<i>Neobythites</i> . . . . .	79
Keys to species . . . . .	80
List of nominal species . . . . .	82
<i>Penopus</i> , monotypic . . . . .	83
List of nominal species . . . . .	84
<i>Petrotyx</i> . . . . .	84
Key to species . . . . .	84
List of species . . . . .	85
<i>Porogadus</i> . . . . .	85
Key to species . . . . .	86
List of nominal species . . . . .	86
<i>Pycnocraspedum</i> . . . . .	86
List of species . . . . .	87
<i>Selachophidium</i> , monotypic . . . . .	88
<i>Sirembo</i> . . . . .	88
Key to species . . . . .	89
List of nominal species . . . . .	89
<i>Spectrunculus</i> , monotypic . . . . .	90
List of nominal species . . . . .	90
<i>Spottobrotula</i> . . . . .	90
Key to species . . . . .	91
List of species . . . . .	91
<i>Tauredophidium</i> , monotypic . . . . .	91
<i>Typhlonus</i> , monotypic . . . . .	92
List of nominal species . . . . .	93

	<b>Page</b>
<i>Xyelacyba</i> , monotypic . . . . .	93
2.5 Suborder Bythitoidei . . . . .	94
Key to families . . . . .	94
2.6 Family Bythitidae . . . . .	94
Key to subfamilies . . . . .	94
2.6.1 Subfamily Bythitinae . . . . .	94
Key to genera . . . . .	94
List of nominal genera . . . . .	96
<i>Bellottia</i> . . . . .	96
List of nominal species . . . . .	97
<i>Bythites</i> . . . . .	97
Key to species . . . . .	98
List of species . . . . .	98
<i>Calamopteryx</i> . . . . .	98
Key to species . . . . .	99
List of species . . . . .	99
<i>Cataetyx</i> . . . . .	99
Key to species . . . . .	100
List of nominal species . . . . .	101
<i>Diplacanthopoma</i> . . . . .	102
List of nominal species . . . . .	102
<i>Grammonus</i> . . . . .	103
Key to species . . . . .	104
List of nominal species . . . . .	104
<i>Hastatobythites</i> , monotypic . . . . .	105
<i>Hephthocara</i> . . . . .	105
Key to species . . . . .	106
List of species . . . . .	106
<i>Microbrotula</i> . . . . .	106
Key to species . . . . .	107
List of species . . . . .	107
<i>Pseudonus</i> . . . . .	107
Key to species . . . . .	108
List of nominal species . . . . .	108
<i>Saccogaster</i> . . . . .	108
Key to species . . . . .	109
List of species . . . . .	110
<i>Stygnobrotula</i> , monotypic . . . . .	110
List of nominal species . . . . .	111
<i>Thalassobathia</i> . . . . .	111
Key to species . . . . .	112
List of species . . . . .	112

	<b>Page</b>
2.6.2 Subfamily Brosmophycinae . . . . .	112
Key to tribes . . . . .	113
Keys to genera . . . . .	113
List of nominal genera . . . . .	116
Tribe Brosmophycini . . . . .	117
<i>Beaglichthys</i> , monotypic . . . . .	117
<i>Bidenichthys</i> . . . . .	118
Key to species . . . . .	118
List of species . . . . .	118
<i>Brosmodorsalis</i> , monotypic . . . . .	119
<i>Brosmolus</i> , monotypic . . . . .	119
<i>Brosmophyciops</i> , monotypic . . . . .	120
<i>Brosmophycis</i> , monotypic . . . . .	121
<i>Lucifuga</i> . . . . .	122
Key to species . . . . .	123
List of nominal species . . . . .	123
<i>Melodichthys</i> . . . . .	124
Key to species . . . . .	124
List of species . . . . .	124
<i>Parabrosmolus</i> , monotypic . . . . .	124
Tribe Dinematchthyini . . . . .	125
<i>Beaglichthys</i> , monotypic . . . . .	125
<i>Brotulina</i> . . . . .	125
List of nominal species . . . . .	126
<i>Dermatopsis</i> . . . . .	126
Key to species . . . . .	127
List of species . . . . .	127
<i>Dermatopsoides</i> . . . . .	127
Key to species . . . . .	128
List of species . . . . .	128
<i>Diancistrus</i> , monotypic . . . . .	128
<i>Dinematchthys</i> . . . . .	129
List of species . . . . .	130
<i>Dipulus</i> . . . . .	131
Key to species . . . . .	131
List of species . . . . .	131
<i>Fiordichthys</i> , monotypic . . . . .	132
<i>Gunterichthys</i> , monotypic . . . . .	132
<i>Melodichthys</i> . . . . .	133
<i>Monothrix</i> . . . . .	133
List of species . . . . .	134
<i>Ogilbia</i> . . . . .	134

	<b>Page</b>
List of species . . . . .	135
2.7 Family Aphyonidae . . . . .	136
Key to genera . . . . .	136
List of nominal genera . . . . .	136
<i>Aphyonus</i> . . . . .	137
Key to species . . . . .	137
List of nominal species . . . . .	138
<i>Barathronus</i> . . . . .	138
List of species . . . . .	138
<i>Meteoria</i> , monotypic . . . . .	139
<i>Nybelinella</i> . . . . .	140
Key to species . . . . .	140
List of species . . . . .	140
<i>Parasciadonus</i> . . . . .	141
Key to species . . . . .	141
List of species . . . . .	141
<i>Sciadonus</i> . . . . .	142
List of nominal species . . . . .	142
 3. LIST OF SPECIES BY MAJOR FISHING AREAS . . . . .	 143
