#### V. REGIONAL INITIATIVES FOR FOOD SECURITY AND NUTRITION

<p><i>Build, strengthen and maintain linkages with regional initiatives and fora in the intersessional period.</i></p>	The CFS Chair participated in the FAO Regional Conferences in 2010. CFS side events were held to discuss possible linkages, particularly the establishment or strengthening of regional multi-stakeholder mechanisms. Synergies were also established with initiatives such as the sub-regional FAO policy seminars to address high food prices held throughout 2011.
<p><b>Source:</b> CFS 36 Final Report, Para 17</p>	<p>A regional workshop on Food Security and Nutrition in the Near East was organized in October 2011 as a follow up to the decision of the 30<sup>th</sup> FAO Conference for the Near East (NERC) held in Khartoum, Sudan in November 2010.</p> <p>The CFS Secretariat is currently developing a more comprehensive approach to CFS outreach at regional level. Some regional initiatives that made presentations at CFS 36 were invited to provide updates to CFS 37 under Agenda Item IV, Updates on Global and Regional Initiatives and Linkages with CFS. New regional initiatives were also invited.</p>

<b>VI. OVERVIEW BY THE CHAIR OF COUNTRY REQUESTS TO THE CFS</b>	
<p><i>The Chair proposed that for CFS 37, countries could be offered the chance to present their current and planned activities for development partnerships in the area of food security and nutrition. Opportunities for South-South and triangular cooperation could also be explored.</i></p>	<p>The agenda for CFS 37 could not accommodate this proposal due to time restrictions while there was no inputs received from countries. <b>VII. NATIONAL INITIATIVES FOR FOOD SECURITY AND NUTRITION – CASE STUDIES</b>	
<p><i>The CFS requested the Secretariat to elaborate a document to be forwarded to the next session of the CFS that would include a consolidation and analysis of lessons learnt and suggestions with respect to further case studies that could complement these lessons.</i></p>	<p>As there was no common format for the country case studies that were presented at CFS 36, the results were fragmented and difficult to analyze. In future sessions, more attention will be paid to ensure a common format for such agenda items in order to expedite analysis.</p>

<b>VIII. POLICY ROUNDTABLE</b>	
<p><b>Addressing food insecurity in protracted crises</b></p>	
<p><i>Explore the possibility of organizing a High-Level Expert Forum on Protracted Crises no later than 2012 with a view of discussing the elaboration of a new Agenda for Action for Food Security in Countries in Protracted Crises in collaboration with other specialized agencies and humanitarian partners.</i></p>	<p>Preparatory work for the possibility of organizing of a High-Level Experts Forum (HLEF) on Protracted Crisis was conducted in 2011, including a review of existing programmes, initiatives and related stakeholders to determine how such a forum could add value. Such a review will also be used to “chart” the participation of relevant stakeholders in a global debate, and eventually, the possibility of the elaboration of an Agenda for Action. It is anticipated that the HLEF will contribute to improving the way food insecurity in protracted crises is addressed and provide more effective assistance for overcoming peoples’ food insecurity. A Concept Note has been prepared and submitted to the CFS Bureau and the</p>
