EARTHBIRD,
DID YOU SAY THAT ALL THESE THINGS CAME
FROM A FABULOUS FOREST FACTORY?
WHERE IS THIS FACTORY?

YOU ARE IN IT NOW!
THE FOREST IS A NATURAL
FACTORY. THE MILLIONS OF
ANIMALS, TREES, PLANTS AND
INSECTS PRODUCE IMPORTANT
PRODUCTS AND MATERIALS
THAT WE RELY ON EVERY
DAY.

FORESTS GIVE US FOOD,
FUEL, BUILDING MATERIALS
AND MORE.

RIGHT! THEY
PROVIDE MATERIALS
WE USE TO MAKE
HOUSEHOLD ITEMS
LIKE FURNITURE,
BROOMS AND
COOKING UTENSILS.

MATERIALS FROM
TREES ARE EVEN USED TO
MAKE TYRES, MEDICINE
ANIMAL FEED,
CLOTHING, SOAP
BOOKS AND MUSICAL
INSTRUMENTS.

TREES AND
FORESTS PRODUCE
SO MANY USEFUL
THINGS.

THIS **IS** A GREAT
FACTORY!

USEFUL
MATERIALS,
PRODUCED BY
FORESTS AND TREES
ARE CALLED
**FOREST
PRODUCTS.**

AND
THIS
FACTORY DOESN'T
POLLUTE OUR
AIR AND
WATER!

FOREST PRODUCTS
CAN BE FOUND ALMOST
ANYPLACE WHERE TREES
GROW.

MY MOTHER
GROWS TREES NEAR
OUR HOUSE TO
PROVIDE WOOD
AND FOOD.

FOREST AND TREES
ARE IMPORTANT TO US
FOR MANY REASONS. FOR
THOUSANDS OF YEARS WE
HAVE RELIED ON FOREST
PRODUCTS. WE USE THEM
EVERY DAY. FORESTS AND
TREES HELP CONTROL
EROSION AND PROTECT OUR
WATER SOURCES. THEY
PROVIDE SHELTER AND
FOOD FOR COUNTLESS
PEOPLE, ANIMALS,
PLANTS AND INSECTS.

THINK ABOUT THE
FOREST PRODUCTS
THAT YOU USE. WHERE
DO THEY COME FROM?
THE NEARBY FOREST?
A FOREST PLANTATION?
A FAR AWAY RAINFOREST?
YOUR GARDEN?

DISCUSS FOREST
PRODUCTS WITH
YOUR FRIENDS.

FOLLOW ME AS
I TRAVEL AROUND
THE WORLD TO LEARN
MORE ABOUT FORESTS,
TREES AND THE WONDERFUL
THINGS THEY GIVE US.

I AM OFF
TO AFRICA NOW.
