

4. LIST OF SPECIES BY MAJOR MARINE FISHING AREAS

SPECIES	PAGE	GEOGRAPHICAL DISTRIBUTION																	
		MAJOR MARINE FISHING AREAS FOR STATISTICAL PURPOSES																	
		21	27	31	34	37	41	47	48	51	57	58	61	67	71	77	81	87	88
GEMPYLIDAE																			
<i>Diplospinus multistriatus</i>	24	●	●	●	●		●	●		●	●		●		●	●	●	●	
<i>Epinnula magistralis</i>	26			●							●		●						
<i>Gempylus serpens</i>	27		●	●	●		●	●		●	●		●		●	●	●	●	
<i>Lepidocybium flavobrunneum</i>	29		●	●	●		●	●		●	●		●	●	●	●	●	●	
<i>Nealotus tripes</i>	30	●	●	●	●		●	●		●	●		●		●	●	●	●	
<i>Neopinnula americana</i>	33			●															
<i>Neopinnula orientalis</i>	34									●	●		●		●				
<i>Nesiarchus nasutus</i>	35	●	●	●	●		●	●		●	●		●		●	●	●	●	
<i>Paradiplospinus antarcticus</i>	37						●	●	●	●	●	●					●	●	●
<i>Paradiplospinus gracilis</i>	39							●											
<i>Promethichthys prometheus</i>	40	●	●	●	●		●	●		●	●		●		●	●	●	●	
<i>Rexea antefurcata</i>	44														●		●	●	
<i>Rexea bengalensis</i>	45									●	●		●		●				
<i>Rexea brevilineata</i>	46																	●	
<i>Rexea nakamurai</i>	47									●	●		●			●			
<i>Rexea prometheoides</i>	48									●	●		●		●				
<i>Rexea solandri</i>	49										●						●		
<i>Rexichthys johnpaxtoni</i>	51														●		●		
<i>Ruvettus pretiosus</i>	52	●	●	●	●	●		●		●	●		●		●	●	●	●	
<i>Thyrsites atun</i>	54						●	●		●	●						●	●
