**SURVEYS OF THE FISH RESOURCES OF NAMIBIA**

Preliminary Cruise Report No III

September 11 - October 6 1990

Directorate of Fisheries  
Namibia

Institute of Marine Research  
Bergen, Norway

The "DR. FRIDTJOF NANSEN" Research Programme is sponsored by the Norwegian Agency for Development Assistance NORAD, the Food and Agriculture Organization of the United Nations FAO, and the United Nations Development Programme UNDP. The programme in Namibia is being conducted and planned under agreements between UNDP, Namibian authorities and the Institute of Marine Research, Norway. Its execution is the responsibility of the Institute of Marine Research, Bergen in cooperation with the Directorate of Fisheries of Namibia.

The programme has comprised three surveys as follows:

Survey 1,	January	25	to	March	19
"	2	May	27	-	June 20
"	3	September	11	-	October 6

Preliminary cruise reports were submitted after the completion of each of Surveys 1 and 2. This cruise report describes the work and some of the findings of the third survey.

# TABLE OF CONTENTS

Page

CAPTER 1 INTRODUCTION . . . . .	1
1.1 GENERAL OBJECTIVES . . . . .	1
1.2 SPECIFIC OBJECTIVES OF THE THIRD SURVEY . . . . .	1
1.3 PARTICIPATION . . . . .	2
1.4 NARRATIVE . . . . .	2
1.5 INSTRUMENTS AND FISHING GEAR, OBSERVATIONS ON TRAWL GEOMETRY . . . . .	6
CHAPTER 2 THE ENVIROMENT . . . . .	7
2.1 THE SHELF AND THE SLOPE . . . . .	7
2.2 HYDROGRAPHY . . . . .	7
CHAPTER 3 OBSERVATIONS ON PILCHARD IN THE CAPE FRIO AREA . . . . .	13
CHAPTER 4 RESULTS OF THE FISHING EXPERIMENTS, CATCH COMPOSITIONS AND SWEEP AREA BIOMASS ESTIMATES OF DEMERSAL FISH . . . . .	14
4.1 ORANGE RIVER TO ST. FRANCIS BAY . . . . .	14
4.2 ST. FRANCIS BAY TO AMBROSE BAY . . . . .	18
4.3 AMBROSE BAY TO THE CUNENE RIVER . . . . .	22
CAPTER 5 CONSIDERATION OF THE SURVEY RESULTS . . . . .	25
