

A photograph of a sunset over a body of water. The sun is a bright yellow orb in the upper left, casting a golden glow across the sky and water. The water's surface is dark blue with ripples. In the foreground, a dark, silhouetted structure, possibly a boat's hull or a pier, curves from the bottom right towards the center. The overall mood is serene and contemplative.

*“The young man
walks faster
than the old man,
but the old man
knows the way.”*

[African proverb]
