Curious about the Congress format and how you can participate?

Join our webinar on 1 April 2022 to learn more. Register [here](#).

Registration

Be a part of the XV World Forestry Congress! Register by 15 April 2022 and benefit from special rates to participate in the world's largest gathering on forests. More information can be found [here](#).

Travel and Visa information

Waived quarantine to enter the Republic of Korea for fully vaccinated Congress attendees! More information can be found [here](#).

If you enter the Republic of Korea from abroad to attend the Congress after you've registered online, you are required to have a valid passport, and may require a visa depending on your nationality.

More information on visa applications can be found [here](#).

Accommodation

Registered participants for the XV World Forestry Congress can reserve hotel rooms at fixed, discounted rates from now until 20 April 2022. More information can be found [here](#).

Youths advocate for forests

Over 100 youth participated in four regional workshops to develop the WFC Youth Declaration, you can read more [here](#). Congratulations to the winners of the forest change-maker competition! View their outstanding work [here](#). And young champions were trained to become advocates for conservation and forests. Watch their video [here](#).

Green Mentorship Program launched

The XV World Forestry Congress Secretariat partnered with Project Tree Learning Canada (PLTC) to launch the Green Mentorship Program on 11 January, which links seasoned professionals with students and young professionals to help navigate career paths and provide guidance around key topics in forestry. Read about it [here](#).
