Agenda item 1

CX/CF 26/19/1

June 2026

## JOINT FAO/WHO FOOD STANDARDS PROGRAMME CODEX COMMITTEE ON CONTAMINANTS IN FOODS

Nineteenth Session

19-23 October 2026

Cairo, Egypt

### PROVISIONAL AGENDA

| Agenda item                                      | Subject matter                                                                                                                                                                        | Doc. reference No.   |
|--------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| 1                                                | Adoption of the agenda                                                                                                                                                                | CX/CF 26/19/1        |
| 2                                                | Matters referred to the Committee by the Codex Alimentarius Commission and/or its subsidiary bodies                                                                                   | CX/CF 26/19/2        |
| 3                                                | Matters of interest arising from the FAO and the WHO including the Joint FAO/WHO Expert Committee on Food Additives                                                                   | CX/CF 26/19/3        |
| 4                                                | Matters of interest arising from other international organizations                                                                                                                    | CX/CF 26/19/4        |
| <b>Industrial and environmental contaminants</b> |                                                                                                                                                                                       |                      |
| 5                                                | Code of practice for the prevention and reduction of cadmium contamination in foods (at Step 4)                                                                                       | CX/CF 26/19/5        |
|                                                  | • Comments at Step 3 in reply to CL 2026/51-CF                                                                                                                                        | CX/CF 26/19/5-Add.1  |
| <b>Toxins</b>                                    |                                                                                                                                                                                       |                      |
| 6                                                | Code of practice for the prevention and reduction of tropane alkaloids contamination in food and feed (at Step 4)                                                                     | CX/CF 26/19/6        |
|                                                  | • Comments at Step 3 in reply to CL 2026/52-CF                                                                                                                                        | CX/CF 26/19/6-Add.1  |
| 7                                                | <i>Code of practice for the reduction of aflatoxin B<sub>1</sub> in raw materials and supplemental feeding stuffs for milk-producing animals</i> (CXC 45-1997) (revision) (at Step 4) | CX/CF 26/19/7        |
|                                                  | • Comments at Step 3 in reply to CL 2026/53-CF                                                                                                                                        | CX/CF 26/19/7-Add.1  |
| 8                                                | <i>Code of practice for weed control to prevent and reduce pyrrolizidine alkaloid contamination in food and feed</i> (CXC 74-2014) (revision) (at Step 4)                             | CX/CF 26/19/8        |
|                                                  | • Comments at Step 3 in reply to CL 2026/54-CF                                                                                                                                        | CX/CF 26/19/8-Add.1  |
| <b>Discussion papers</b>                         |                                                                                                                                                                                       |                      |
| 9                                                | Review of the ML for methylmercury in tuna and the associated sampling plan                                                                                                           | CX/CF 26/19/9        |
|                                                  | • Comments in reply to CL 2026/55-CF                                                                                                                                                  | CX/CF 26/19/9-Add.1  |
| 10                                               | Proposal for a JECFA call for data on total aflatoxins in cereals and cereal-based foods                                                                                              | CX/CF 26/19/10       |
|                                                  | Comments in reply to CL 2026/56-CF                                                                                                                                                    | CX/CF 26/19/10-Add.1 |
| 11                                               | Review of the <i>Code of practice for the reduction of acrylamide in foods</i> (CXC 67-2009)                                                                                          | CX/CF 26/19/11       |

Please note that there will be no distribution of working documents through the Codex mailing list (Codex-L). Only the Invitation and Provisional agenda will be distributed to Members and Observers. All working documents and any subsequent new documents not referenced on this Provisional agenda, including any other information for delegates, will be published on the Codex website as they become available. Working documents will not be printed, and delegates are kindly requested to have with them all documents that have been distributed, as no printed copies will be made available at the session.

Check the Codex website for regular updates on the status of working documents and other logistic information related to this meeting.

### INFORMATION DOCUMENTS

**Document for information and use in discussions on contaminants (Doc. ref. CF19/INF01):** An updated document will support discussions during the session and be available on the CCCF19 webpage. This document also contains an inventory of JECFA evaluations and FAO/WHO expert consultations to support discussions on relevant Agenda items 18-20 (REP24/CF17, paragraph 164(iv)) as appropriate.

### EXPLANATORY NOTES

All circular letters and working documents relevant to CCCF19 are available on the Codex webpage as follows:

- Circular letters: <http://www.fao.org/fao-who-codexalimentarius/committees/committee/related-circular-letters/en/?committee=CCCF>
- Working documents: <https://www.fao.org/fao-who-codexalimentarius/meetings/detail/en/?meeting=CCCF&session=19>

**Agenda item 21:** Additional matters not included in the provisional agenda may be proposed under Agenda item 1 and, subject to the Committee's agreement, considered under this item. Discussion of items under "Other business" will depend on the time available.
