CL 2021/80/OCS-CAC
November 2021

TO: Codex Contact Points
Contact Points of international organizations having observer status with Codex

FROM: Secretariat, Codex Alimentarius Commission
Joint FAO/WHO Food Standards Programme

SUBJECT: Request for comments on Agenda item 2 Zilpaterol and Agenda item 11 Other Business of the CAC44 draft report

DEADLINE: 30 November 2021

Background

1. Day 9 of CAC44 came to an end on 18th November 2021, with two items of the report still to be adopted:
 - Item 2 – Section on the CCEEXEC recommendations on the path forward for the proposed MRLs on zilpaterol; and
 - Item 11 - Other Business.
2. To facilitate receipt of comments on these two items of the report, they are being made available on the Codex Online Commenting System for one week, from 24 November 12 pm (noon) CET to 30 November 12 pm (noon) CET.
3. The texts are presented as published in all languages as part of the draft report since conclusions regarding proposed changes had not been reached for either item.
4. In submitting their written proposals, Delegations should recall:
 - The final report is a concise, written, summary of the meeting capturing the decisions made and how they were reached.
 - Detailed positions, which delegations were strongly encouraged to submit using the comments mechanism and conference room documents, will not be repeated in the final report, but a reference to relevant written comments will be included where available.
5. In this context, comments on the draft report should focus on proposed corrections to existing text and proposed additions in cases where a critical piece of information key to the way forward is missing.
6. As neither of these items are leading to a progression of a standard, it is not appropriate to include any reservations.
7. Minority views in accordance with Rule X,1 of the Rules of Procedure of the Codex Alimentarius Commission may be captured in an annex to the report.
8. Any proposed corrections to existing text or proposals for new text should be added as comments.
9. Comments can be made in any of the six official Codex languages.
10. It will be possible to also view the comments of other delegations. Therefore, delegations may express their views on the comments of others, as well as on the draft report. Delegations can access and add comments to the draft report at any time and on multiple occasions while the commenting period is open. Comments can also be withdrawn during this period.
11. Following closure of the commenting period, the Codex Secretariat will revise the text based on the comments provided with the aim of avoiding conflicting text and ensuring a balanced representation of the discussion. This revised draft report text will be published in all the six official languages on the CAC44 page on the Codex website at least 24 hours prior to Day 10 of the Commission for adoption (date to be confirmed).

Request for comments

12. Codex Members and observers are requested to submit comments on the draft CAC44 Report, which is uploaded to the Codex Online Commenting System (OCS): <https://ocs.codexalimentarius.org/>, as per the guidance below.

13. The review is open only to Members and Observers that attended CAC44. A list of participants is attached as reference document in Annex I.

Guidance on the provision of comments

14. Comments should be submitted through the Codex Contact Points of Codex Members and observers using the OCS.

15. Contact Points of Codex Members and observers may login to the OCS and access the document open for comments by selecting “Enter” in the “My reviews” page, available after login to the system.

16. Contact Points of Codex Members and observers organizations are requested to provide proposed changes and relevant comments/justifications on a specific paragraph (under the categories: editorial, substantive, technical and translation) and/or at the document level (general comments or summary comments). Additional guidance on the OCS comment categories and types can be found in the OCS [Frequently Asked Questions \(FAQs\)](#).

17. Other OCS resources, including the user manual and short guide, can be found at the following link: <http://www.fao.org/fao-who-codexalimentarius/resources/ocs/en/>.

18. For questions on the OCS, please contact Codex-OCS@fao.org

LIST OF PARTICIPANTS**CHAIRPERSON**

Mr Guilherme Antonio Da Costa
Food Safety Expert
Ministry of Agriculture, Livestock and Food Supply
Brazilia
Brazil

VICE-CHAIRPERSONS

Prof Purwiyatno Hariyadi
