

## THE GERMAN TEAM FOR CCNFSDU 43

A very warm welcome to the 43<sup>rd</sup> session of the Codex Committee on Nutrition and Foods for Special Dietary Uses!

The German team is delighted that the committee is meeting in person again.

These are the people in the German team and their respective responsibilities:

---

**Dr Anja Brönstrup** is chairing this year's CCNFSDU meeting. Being a nutritionist by training, Anja has experience in both risk assessment and risk management. Before joining the German Federal Ministry of Food and Agriculture in 2016, Anja worked for national and international scientific authorities, including the European Food Safety Authority (EFSA).

---

---

**Martine Püster** is co-chair of this year's CCNFSDU meeting. In her daily work, Martine heads the international affairs team at the German Federal Office for Consumer Protection and Food Safety, and is engaged in international food safety projects and training activities. She is new to CCNFSDU and very much looking forward to contributing to this Codex committee's work.

---

---

**Dr Britta Nagl** is taking the role of assistant to the chairs, ensuring that discussions run smoothly and results of discussions are being captured on-screen. Britta is a nutrition scientist and works at the German Federal Institute for Risk Assessment in the Department of Food Safety. She has more than five years of experience in risk assessment related to food safety and nutrition.

---

---

**Alina Steinert** has been leading the German secretariat of CCNFSDU for almost nine years. She has a Master's degree in Public Management and is responsible for everything behind the scenes. In addition, Alina will be chairing the pWG on the Prioritization Mechanism and new work proposals this year.

---

---

**Emily Krüger** lends support behind the scenes as well. She has a Master's degree in International Relations and is a former trainee of the European Food Safety Authority (EFSA). Emily works with Martine at the German Federal Office for Consumer Protection and Food Safety and is delighted to support the CCNFSDU host secretariat.
