The 36th Session of the Committee accepted the offer of the Delegation of the United States of America to prepare a revised GSFA with proposed draft, draft and adopted food additives provisions (ALINORM 04/27/12, para. 77). The document is circulated under reference CX/FAC 05/37/6.

Agenda Item 6 (a) – Preamble of the Codex General Standard for Food Additives (GSFA) (CX/FAC 05/37/6): The 36th Session of the Committee agreed to establish a Working Group led by China with the following terms of reference: (a) review the currently-used working principles applied by the Committee when developing the GSFA; (b) adapt these working principles with the objective to improve the work, taking into consideration that the development of the GSFA need to reflect the following criteria: (i) the GSFA needs to be consistent with other standards adopted by the Codex Alimentarius Commission; (ii) the entries to the GSFA should be developed in a transparent manner; (iii) the GSFA needs to be developed in a fair and consistent way; and, (iv) the GSFA has been under development for more than 10 years, changes to the working principles should result in an acceleration rather than leading to further delay; (c) describe the proposed amended working principles in a separate document that will accompany the GSFA.
In a second step, the Working Group is asked to consider where these working principles would require the amendments of other documents adopted by the Commission; analyse, as part of its work, the relationship between provisions of the GSFA and those of Commodity Standards and shall propose procedures that will assure consistency among different sections of the Codex Alimentarius that address the use of food additives in standardized food; and, d) present to the next Session of the Committee a progress report and possibly, depending on the progress made, questions in order to receive further comments (ALINORM 04/27/12, para. 59). The progress report of the Working Group is circulated for comments under reference CX/FAC 05/37/7. Comments submitted contained in working document CX/FAC 05/37/7-Add. 1.

The Chairperson of the CCFAC has convened a meeting to discuss the Progress Report of the Working Group on the Working Principles of the GSFA and the comments received, prior to the 37th CCFAC. The report of the Meeting will be presented to the Committee under Conference Room Document 1.

Agenda Item 6 (c) - Food Additives Provisions of the Codex General Standard for Food Additives (ALINORM 04/27/12, Appendix IX): The 36th Session of the Committee asked the Codex Secretariat to request information on the use of the draft and proposed draft food additives provisions to Table 1 of the GSFA listed in Appendix IX of its report (ALINORM 04/27/12, para. 76). Comments submitted in response to CL 2004/9-FAC are contained in working document CX/FAC 05/37/8.

The Committee re-established the newly named Electronic Working Group under the direction of the United States of America and requested it to provide a report with recommendations to the 37th Session of the CCFAC on the draft maximum levels for food additives listed in Appendix X of its report. The Committee agreed that the report of the Electronic Working Group should also develop a rational and consistent proposal to address the proposed draft, draft and adopted provisions for phenolic antioxidants (BHA, BHT, TBHQ, and propyl gallate) in the GSFA (ALINORM 04/27/12, paras 70-71). The report of the Electronic Working Group is contained in working document CX/FAC 05/37/9.
