**DISCUSSION PAPER ON AMENDMENT TO THE LIST OF ADDITIVES INCLUDED IN THE**  
**CODEX STANDARD FOR CREAMS AND PREPARED CREAMS**

**Comments from: India and Thailand**

**INDIA**

The discussion paper recommends a new work on amendment of the additive list included in the approved Codex Standards For Creams And Prepared Creams Prepared.

Although the current Prevention of Food Adulteration Rules (PFA Rules) do not permit use of any additives in creams in India, the use of additives in creams is technologically justified. The proposal for a new work item for amending the additive list in the Codex Standard for Creams and prepared Creams and for accelerated procedure for the work is acceptable.

**THAILAND**

We believe that once these additives are considered by CCFAC, they can be used properly.
