*24th Session of the Codex Committee on General Principles*⁸

15. At the 23rd Session of the CCGP the proposal of the Coordinating Committee for Latin America and the Caribbean (CCLAC) to amend its mandate to include an additional bullet point “To promote the adoption of regional positions on strategic subjects” was discussed in detail. The Committee had decided to recommend to the CCLAC to practice the adoption of regional positions as appropriate while keeping their terms of reference unchanged and to report back its experience to this session. All other Coordinating Committees had been invited to discuss the possible inclusion of the sentence proposed by the CCLAC into their terms of reference and its possible implications and report their views to this session⁹.

16. The 24th Session of the CCGP noted that at their sessions held in 2006/2007 three of the Coordinating Committees (CCNASWP, CCEURO and CCAFRICA) generally agreed that the current terms of reference should be unchanged because they were considered broad enough. They also agreed that the terms of reference of all Coordinating Committees should be kept harmonized. Within CCASIA and CCNEA there were diverging opinions on this issue while CCLAC supported the proposed amendment. The Committee noted further that the CCLAC and the CCEURO had gained some experience in adopting regional positions on certain issues at their last session.

17. As there was no consensus on recommending to the Commission that the CCLAC change its terms of reference to include the proposed sentence nor that all Coordinating Committees change their terms of reference in the same way, the Committee agreed that all Coordinating Committees be invited to discuss this matter, including institutional and other implications, at their next session and that those Coordinating Committees wishing to practice the adoption of regional positions should continue to do so under their current terms of reference and to report back to the CCGP on their experiences.

18. The Committee **is invited** to report its views to the 25th Session of the CCGP.
