JOINT FAO/WHO FOOD STANDARDS PROGRAMME CODEX COMMITTEE ON RESIDUES OF VETERINARY DRUGS IN FOODS

Twentieth Session

San Juan, Puerto Rico, 7-11 May 2012

PROPOSED AMENDMENTS TO THE RISK ANALYSIS PRINCIPLES APPLIED BY THE CCRVDF

Comments of Ghana and Nigeria

GHANA

General Comment

We are of the opinion that there is a direct linkage between feed safety and food safety hence the need to consider feed and its implication to food safety during risk analysis.

Ghana therefore supports the proposed amendments and recommends its adoption by the 20th Session of the Codex Committee on Residues of Veterinary Drugs in Foods.

NIGERIA

Nigeria is in agreement with the proposed amendments.
