

Appendix XII

FORM FOR SUBMISSION OF PROPOSALS FOR CHANGES TO THE INS LIST

In completing this form, only brief information is required. The form may be retyped if more space is needed under any one heading provided that the general format is maintained.

The change is requested by (Name):

.....

Justification for the requested INS change in Section 3: assigning INS number to new food additives or including additional functional class and/or technological purpose

(Please select only the appropriate option and provide details in the space below. Proposals for deletion of INS entries cannot be submitted to this circular letter if there are existing provisions (adopted or in the Step Process) for the additive in the General Standard for Food Additives (CXS 192-1995).)

- ☐ Evidence that the compound has been or is capable of being used effectively for the technological purpose proposed
- ☐ A Codex Commodity standard has provisions for the use of the compound
- ☐ The JECFA specification monograph lists the technological purpose under the heading "Functional Uses"
- ☐ A national food authority has permitted such a use
- ☐ The food industry is currently using a substance for the technological purpose proposed
- ☐ Other justification, what?

Details:

Justification for the requested INS change in Section 3: modification of an existing INS name or INS number purpose *(Please select only the appropriate option and provide details in the space below)*

- ☐ The INS list contains an error
- ☐ The name in the INS is so different from that used by JECFA that confusion may result
- ☐ The name in the INS list is unsuitable for labeling purposes
- ☐ The name in the INS list is inconsistent with the names of other related additives
- ☐ Other justification, what?

Details

Justification for the requested INS change in Section 3: deletion of additive purpose *(Please select only the appropriate option and provide details in the space below)*

- ☐ Health risk issues, e.g. JECFA has withdrawn an acceptable daily intake (ADI) based on new toxicological data
- ☐ Evidence that the additive is not commercially manufactured or used
- ☐ Evidence that the additive cannot be considered to fall under the definition of a food additive
- ☐ Other justification, what?

Details

Additions are shown in **bold underline** text.
