COMMENTS OF Republic of Korea

Agenda item 10

OTHER BUSINESS AND FUTURE WORK (Prepared by China Secretariat)

The Republic of Korea expresses our sincere appreciation to China Secretariat for preparing future works of CCFA.

We are glad to have those processing aids and secondary food additives to be considered in the future work.

And also we do support mandating the structure of the GSFA in a more efficient and simple.

Moreover, we are very happy to open the venue having a discussion on new challenges related to food additives, including NFPS. We believe it is meaningful to start discussing the new issues coming out and collaborate with each CODEX Member.
