BACKGROUND

1. This document compiles the comments on the draft standards submitted at Step 5/8 of the Procedure and other matters as indicated in the relevant Circular Letter ([CL 2024/81-CAC](#)). The comments are those received through the Codex Online Commenting Systems (OCS)¹, or via email by the time this document was issued. The comments are as shown in Appendix I.

EXPLANATORY NOTES ON APPENDIX I

2. The comments received are presented in a table format, with two columns as follows:
 - **First column** – Presents the comments with the rationale.
 - **Second column** – Presents the provider of the comments (name of member or observer)

¹ OCS is an online tool that enables Codex Contact Points to submit comments on draft texts in a standardised way, thus providing more transparency and better management of comments on different Codex texts as requested through Circular Letters. Since its launching at CAC39 (2016), the OCS has been used for different Codex Committees.
