## FAO/WHO Coordinating Committee for Latin America and the Caribbean

### Pre-session webinar

#### Objective

This webinar aims to assist delegates to the 22nd session of the FAO/WHO Coordinating Committee for Latin America and the Caribbean (CCLAC22) to prepare for their active participation in the session. In addition to supporting first time delegates, the webinar will also remind participants how to operate successfully in a virtual Codex Session. The Chairperson will go over the agenda and explain how he plans to manage the meeting to ensure a successful outcome. The Codex Secretariat will provide general technical and logistical updates and participants will gain insights into the key issues that need to be addressed. The session will also give particular attention to the implementation of the Codex Strategic plan and how to prepare for the next two years.
