Agenda Item 1

CX/PR 19/51/1 (REV2)
March 2019

JOINT FAO/WHO FOOD STANDARDS PROGRAMME

CODEx COMMITTEE ON PESTICIDE RESIDUES

51st Session

Macao SAR, P.R. China, 8-13 April 2019

To be held at the Studio City Macau

PROVISIONAL AGENDA

Agenda Item	Subject Matter	Doc. Ref. No.
1	Adoption of the Agenda	CX/PR 19/51/1
2	Appointment of Rapporteurs	
3	Matters referred to CCPR by CAC and/or other subsidiary bodies	CX/PR 19/51/2
	Discussion paper on Guidelines for the determination of pesticides as endocrine disruptors and harmonized risk management approaches in respect of their presence in foods	CX/PR 19/51/2-Add.1
4(a)	Matters of interest arising from FAO and WHO	CX/PR 19/51/3
	JECFA/JMPR Working Group on the revision of the residue definition	CX/PR 19/51/3-Add.1
	Acute probabilistic exposure assessment for pesticides	CX/PR 19/51/3-Add.2
4(b)	Matters of interest arising from other international organizations	CX/PR 19/51/4
5(a)	Report on items of general consideration by the 2018 JMPR	Section 2 of the 2018 JMPR Report (English only)
5(b)	Report on 2018 JMPR responses to specific concerns raised by CCPR	Section 3 of the 2018 JMPR Report (English only)
6	Proposed MRLs for pesticides in food and feed (at Steps 7 and 4)	CX/PR 19/51/5 (English only)
	– Comments at Step 3 (in reply to CL 2018/97-PR)	CX/PR 19/51/5-Add.1
7	Revision of the <i>Classification of Food and Feed</i> (CXM 4/1989)	
7(a)	Class C – Primary feed commodities Type 11: Primary feed commodities of plant origin Proposed: <ul style="list-style-type: none"> • Group 050: Legume feed products • Group 051: Cereal grains and grasses (including pseudocereals) feed products • Group 052: Miscellaneous feed products 	CL 2019/01-PR CX/PR 19/51/6
	– Comments at Step 3	CX/PR 19/51/6-Add.1

Please note that there will be no distribution of working documents through the Codex mailing list (Codex-L). Only the invitation and the provisional agenda will be distributed to members and observers. All working documents, and any subsequent new documents not referenced on this Provisional Agenda, including any other information for delegates, will be published on the Codex website as they become available. Working documents will not be printed and delegates are kindly requested to bring with them to the meeting all documents which have been distributed as no printed copies will be made available at the session.

Agenda Item	Subject Matter	Doc. Ref. No.
7(b)	Class D – Processed foods of plant origin All types in Class D Proposed groups in different types	CL 2019/02-PR CX/PR 19/51/7
	– Comments at Step 3	CX/PR 19/51/7-Add.1
7(c)	Transfer of commodities from Class D to Class C	CL 2019/19-PR CX/PR 19/51/8
	– Comments	CX/PR 19/51/8-Add.1
7(d)	Proposed table on examples of representative commodities for commodity groups in different types under Class C and Class D (for inclusion in the <i>Principles and Guidance for the Selection of Representative Commodities for the Extrapolation of MRLs for Pesticides to Commodity Group</i> (CXG 84-2012))	CL 2019/03-PR CX/PR 19/51/9
	– Comments at Step 3	CX/PR 19/51/9-Add.1
7(e)	Impact of the revised types in Class C and Class D on CXLs	CX/PR 19/51/10
7(f)	Any Class Type on miscellaneous commodities not meeting the criteria for crop grouping Proposed groups (including any possible impact of the new types on CXLs)	CL 2019/04-PR CX/PR 19/51/11
	– Comments at Step 3	CX/PR 19/51/11-Add.1
7(g)	Class B – Primary food commodities of animal origin Common definition of edible animal tissues for the establishment of MRLs of pesticides and veterinary drugs for compounds with dual uses as pesticides and veterinary drugs for use by CCPR and CCRVDF	CL 2019/05-PR CX/PR 19/51/12
	– Comments at Step 3	CX/PR 19/51/12-Add.1
8	Discussion paper on the opportunity to revise the <i>Guidelines on the use of mass spectrometry for the identification, confirmation and quantitative determination of pesticide residues</i> (CXG 56-2005)	CX/PR 19/51/13
9	Discussion paper on the review of the IESTI equations	CX/PR 19/51/14
10	Discussion paper on opportunities and challenges for the JMPR participation in an international review of a new compound	CX/PR 19/51/15
11	Discussion paper on the development of guidance for compounds of low public health concerns that could be exempted from the establishment of CXLs	CX/PR 19/51/16
12	Discussion paper on the management of unsupported compounds	CX/PR 19/51/17
13	National registrations of pesticides (Based on information submitted in reply to CL 2018/50)	CX/PR 19/51/18
14	Establishment of Codex Schedules and Priority Lists of Pesticides (Based on comments submitted in reply to CL 2019/06-PR)	CX/PR 19/51/19
15	Other Business and Future Work	
16	Date and Place of the Next Session	
17	Adoption of the Report	

NOTES ON THE PROVISIONAL AGENDA

Revision of the Classification of Food and Feed

Agenda Item 7(g): Common definition for edible animal tissues to facilitate the establishment of MRLs for pesticides and veterinary drugs for compounds with dual uses (= pesticides and veterinary drugs)

CCRVD24 (2018) agreed that the EWG on the definition of animal tissues to facilitate the establishment of MRLs for compounds with dual uses (i.e. pesticides and veterinary drugs) will coordinate with the EWG on the revision of the Classification of Food and Feed established by CCPR50 (2018) to elaborate a definition for edible animal tissues of relevance for the purpose of harmonization and the elaboration of MRLs.

CCEXEC75 (2018) made a joint recommendation to the CCPR/EWG on the revision of the Classification and the CCRVD/EWG on the definition of edible animal tissues that both EWGs work closely on the definition of edible animal tissues to develop a harmonized definition that would facilitate the establishment of MRLs for pesticides and veterinary drugs.

This recommendation follows the recommendation of CCEXEC73 (2017) on closer cooperation between CCPR and CCRVD on issues of mutual interest for compounds used as pesticides and veterinary drugs and exploration of innovative ways to foster such collaboration as well as the discussions and decisions of CCPR50 and CCRVD24 in this regard.

Plant protection and veterinary services of Codex member countries are kindly invited to share this document and consider the issues raised in the paper (including conclusions and recommendations if any) and provide feedback to CCPR accordingly. Codex observer organizations having interest in compounds with dual uses are invited to do the same. Relevant work of JECFA and JMPR on harmonization of risk assessment procedures for the safety evaluation of pesticides and veterinary drugs as reported under Agenda Item 4(a) should also be taken into account when considering this paper.

The above will allow CCPR to provide suitable guidance on this matter so that work can further progress in both EWGs.

Establishment of Codex MRLs for pesticides

Agenda Items 12/13/14: Management of unsupported compounds, national registration of pesticides and priority lists of pesticides for evaluation by JMPR

These items are inter-related and deal with how the Committee can further improve the establishment of MRLs for pesticides for food and feed under the current procedures described in the *Risk Analysis Principles for the Establishment of Maximum Residue Limits for Pesticides by the Committee on Pesticide Residues*. Codex members and observers are kindly invited to consider the conclusions and recommendations in these papers in a holistic manner in order to provide useful guidance to CCPR when considering these agenda items.

Agenda Item 14: Establishment of Priority lists of pesticides for evaluation by JMPR

The elaboration of the Priority List corresponds to Step 1 of the Codex MRLs Elaboration Procedure. CCPR will consider a document prepared by the Chair of the EWG/Priorities (presented as a CRD) based on CX/PR 19/51/19 and comments submitted during the discussion on Agenda Item 6.

Other related items

Agenda Item 4a/9: The report on acute probabilistic exposure assessment for pesticides should be read in light of the review of the IESTI equations with regard to a review of the basis and the parameters of the IESTI equations and a benchmark of the outcomes of IESTI equations to a probabilistic distribution of actual exposures.
