VIGO DIALOGUE

on decent work

in fisheries and aquaculture

4 OCTOBER 2016  #VIG016 decent-fish-work@fao.org

Welcome

to the

Vigo Dialogue on

Decent Work in Fisheries and Aquaculture

We suggest 3 basic questions for this Dialogue

In order to further promote and ensure decent work in (your) seafood supply chains:

- What are you (your organization, company, authority) going to do next ?
- In addition to your actions, what could and should be done by other actors (including FAO and ILO) ?
- What joint actions do you propose for future collaboration among stakeholders?
