FOOD SOVEREIGNTY FOCUS FOR THE 2030 AGENDA

Food sovereignty

1. **Access to resources:** water, land and incentives
2. **Productive model:** traditional, endogenous, bio-diverse and ecological
3. **Way of transformation and commercialization:** local markets and products
4. **Food consumption:** healthy and culturally appropriate
5. **Participative construction of public policy:** civil and state interaction

Puts a face and name in the products we consume and places rural women as the heart of these principles
