

SE15: Right to Food and the Role of Social Safety Nets in food security and nutrition

REGISTER NOW

Organized by: Republic of India, the Dominican Republic, Federal Democratic Republic of Ethiopia and the Republic of Guinea

Description

The CFS Side event “Right to Food and the Role of Social Safety Nets in food security and nutrition” aims at analysing the role and impacts of the social safety nets in fostering food security and nutrition and achieving SDGs particularly SDG 2 of Zero hunger in the context of the progressive realization of the right to adequate food.

Drawing experiences from Asia, Africa and Central and South America, the event will deep dive into the scope, form and focus of the social safety nets, the policies driving their success, the challenges faced by developing countries in effective targeting and implementation, the reforms and adjustments needed, while also trying to address the paradox of co-existence of hunger alongside social safety nets.
