

## CFS 47 – PREPARATION OF THE FINAL REPORT

This is a slightly revised version of the document that was approved by the CFS Bureau, after consultation with its Advisory Group, on 17 April 2020. A limited number of changes were made to reflect the new proposed structure and content of the CFS 47 Provisional Agenda.

Three different types of procedures are foreseen, depending on the nature of the agenda item, for the preparation of the CFS 47 Final Report, with consistent procedures for similar types of items (information, discussion and decision):

**TYPE A:** Preparation of Draft Decisions, to be finalized by the Bureau, after consultation with the Advisory Group, for items where a plenary decision is expected;

**TYPE B:** Preparation of Draft Conclusions, to be finalized by the Bureau, after consultation with the Advisory Group, for items that are for information and discussion. These conclusions will include placeholders for a limited number of additional bullets on specific matters that may arise from plenary discussions, in line with guiding questions to be included in the CFS 47 Guide;

**TYPE C:** Preparation of text by the CFS Secretariat, which is submitted directly to the Drafting Committee for items where only information on speakers and process is expected to be included in the Final Report.
