

CFS 49 – PREPARATION OF THE FINAL REPORT

In line with the procedures established for CFS 47 by the CFS Bureau, in consultation with the Advisory Group, three different types of procedures are foreseen, depending on the nature of the agenda item, for the preparation of the CFS 49 Final Report, with consistent procedures for similar types of items (information, discussion and decision):

- **TYPE A:** Preparation of Draft Decisions, to be finalized by the Bureau, after consultation with the Advisory Group, for items where a plenary decision is expected;
- **TYPE B:** Preparation of Draft Conclusions, to be finalized by the Bureau, after consultation with the Advisory Group, for items that are for information and discussion. These conclusions will include placeholders for a limited number of additional bullets on specific matters that may arise from plenary discussions, in line with guiding questions to be included in the CFS 49 Guide;
- **TYPE C:** Preparation of text by the CFS Secretariat, which is submitted directly to the Drafting Committee for items where only information on speakers and process is expected to be included in the Final Report.
