4. The Committee:
  - a. welcomes the session as a contribution to monitoring progress towards implementation of the two sets of CFS policy recommendations, and as a useful opportunity to share experience and good practices in the use and application of CFS policy recommendations at all levels;
  - b. takes note of the overview provided in document CFS 2021/49/Inf.xx “insert title”;
  - c. agrees that climate change and water scarcity threaten food security and nutrition, and require special attention and appropriate responses;
  - d. pledges to make additional efforts to promote a much broader and systematic dissemination, use and application of the two sets of policy recommendations, and other relevant CFS policy products, where appropriate at global, regional, national, and sub-national levels, supported by all CFS Members, the Rome-based Agencies, and other CFS constituencies, while seeking similar commitments and support from UNFCCC, UN Water, and other UN agencies, towards a joint and coordinated implementation plan;
  - e. encourages all Parties attending the COP 26 UN Climate Change Conference to use/consider CFS policy recommendations when making pledges to climate action that can increase implementation of sustainable agricultural practices to achieve food security, (in alignment with the Koronivia Joint Work Plan on Agriculture);
  - f. takes note of the following comments provided in Plenary:
