

20 December 2021, 14.00-17.00  
Virtual meeting (Zoom platform)

2<sup>nd</sup> meeting of the Group of the CFS Chair – Implications of the UNFSS on CFS

#	Item	Document No	Item Type
1	Introductory remarks by the CFS Chairperson		
2	Framing the debate: reflections by former CFS Chairpersons: H.E. Yaya Olaitan Olaniran, H.E. Mario Arvelo Caamaña, H.E. Thanawat Tiensin		For discussion
3	<p>Open brainstorming exercise on the five guiding questions (aprox. 20 minutes each)</p> <ol style="list-style-type: none"> <li>1. How can we increase the impact of CFS policy products? How can the CFS membership better disseminate and make use of the existing and future policy products in a way that they better inspire our governments' policies and strategies, and empower all stakeholders, including as key reference frameworks for the FSS National Pathways and Coalitions?</li> <li>2. How can CFS better support countries' efforts to articulate and implement national food security, food systems and nutrition strategies, including the emerging National Pathways?</li> <li>3. How can the CFS provide its platform to multi-stakeholder alliances, coalitions and initiatives to share progress, connect with each other, in a strategic way (including those that emerged from the FSS and already existing ones)? How shall the CFS consider the five action areas (plenary, special events, side events...)?</li> <li>4. How can the CFS global science-policy interface represented by the HLPE be strengthened and well connected to other science-policy interface UN mechanisms, in view of the proposals in this area that emerged in the context of the FSS?</li> <li>5. What is possible to strengthen accountability within and among all stake-holders?</li> </ol>	Background Document I	For discussion
4	Summary and next steps
