

**Subject: Call for Inputs – CFS Policy Convergence on Building Resilient Food Systems**

Dear CFS Stakeholders,

It is both an honor and a pleasure to reach out to you in my capacity as Rapporteur for the CFS Policy Convergence Process on Building Resilient Food Systems, launched at CFS 53. The session included a presentation of the main findings of the HLPE-FSN Report and an open discussion, the highlights of which are reflected in paragraph 24 v. of the CFS 53 final report.

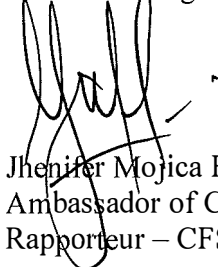

CFS 53 also provided an important opportunity to collectively reaffirm the value of ensuring that **CFS policy products** are **concrete, concise, user-friendly and actionable**. With this shared objective in mind, I would like to warmly invite you to contribute your perspectives on the following questions:

1. **Priority Issues:** What key issues should be addressed through the policy recommendations, bearing in mind the needs of potential users and implementers at national and local levels? (500-word limit)
2. **Complementary Elements:** Are there additional elements or considerations that should be integrated to complement the analysis and recommendations presented in the HLPE-FSN Report? (500-word limit)
3. **Practical Examples:** Building on the Action Plan to Strengthen the Uptake of CFS Policy Products and on the “boxes” provided in the HLPE-FSN report, could you share **one** concrete case study from your country or constituency that illustrates how the forthcoming policy recommendations might be applied in practice? (500-word limit)

Please send your inputs to [cfs@fao.org](mailto:cfs@fao.org) by **1 December COB**. Following this deadline, all contributions will be made available on the CFS Working Space to inform discussions at the first meeting of the Open-Ended Working Group, scheduled for **17 December**.

I sincerely look forward to your insights and experiences, which are essential to ensuring that this policy process delivers meaningful and impactful outcomes.

With warm regards,

Jennifer Mojica Flórez  
Ambassador of Colombia to FAO, IFAD and WFP  
Rapporteur – CFS Policy Convergence Process on Building Resilient Food Systems
