

SPEAKER'S BIO

Ms Katarina Eriksson, CFS Private Sector Mechanism (PSM), Project and Partnership Development Director, Tetra Laval

Katarina Eriksson is Project and Partnership Development Director at Tetra Laval Food for Development, where she has worked since 2000, based in Stockholm, Sweden. In this role she supports the development of private public partnerships in the fields of school nutrition and dairy value chain development in cooperation with food processors, governments, NGOs and development organisations. Ms Eriksson is a member of the Swedish Government's FAO Committee since 2015 and also represents Tetra Laval in the Private Sector Mechanism (PSM) to the CFS. In previous positions, Ms Eriksson has worked with export promotion and export finance in the Swedish Embassy in Beijing, at the Swedish Export Credit Guarantee Board and in the Swedish Ministry for Foreign Affairs. She holds a degree in International Business and Chinese from Lund University.
