

**9** **Investments  
for Healthy Food Systems**  
May

9.30 - 17.00 | Red Room, FAO HQ

How can policies and investments improve nutrition by creating healthier food systems? In this day-long event, moderated panel discussions will look at the opportunities and constraints. Examples from different food systems, including the implications on other sectors, will be discussed as well as the tensions and trade-offs.

**NUTRITION**

**26** **Impact Assessment  
of Policies to Support  
Healthy Food Environments  
and Healthy Diets**  
May

9.30 - 12.30 | Red Room, FAO HQ

How important is it to assess the impact of policies as a tool to improve food environments and diets? What are the steps and basic data needed to establish a nutrition impact assessment tool for policies? This event will highlight the importance of impact assessment of policies to build or support a healthy food environment and healthy diets.

*Developing common understanding of  
issues and laying the basis for informed  
CFS policy convergence work*
