

Agenda

International Workshop

**“Statistics on nitrogen input from livestock manure: Estimating
availability and use”**

30th November 2015, Kigali, Rwanda

Time	Concept
8:30 – 9:00	Registration
9:00 - 9:15	Opening Statement and Objectives of the workshop
9:15 – 10:45	Session 1. Statistics on nitrogen inputs from livestock manure
9:15 – 9:45	Livestock manure and related statistics. Global trends and trends for Africa and sub-regions
9:45 – 10:15	Supporting National and International Statistical Processes: Challenges and Opportunities
10:15 – 10:30	Discussion with audience
10:30 – 10:50	Coffee break
10:50 – 13:00	Session 2. National data availability and estimates
10:50 – 11:40	National manure statistics: Synthesis of the answers to the questionnaire (FAO) (approximately 15 minutes)
	Country specific presentations on the questionnaire (participants from Benin, Burkina Faso, Rwanda) (approximately 10 minutes each)
11:40 – 12:00	West Africa project towards improved GHG inventories – Progresses and current gaps: A focus on manure statistics (joint presentation from the participants of Benin, Ghana and Ivory Coast as representatives of the project)
12:00 - 13:00	Discussion with audience
13:00 – 14:00	Lunch break
14:00 – 16:30	Session 3. Available international estimation methods within the constraints of national data availability
14:00 - 15:15	Data availability in FAO and available methods Practical exercises and country estimations
15:15 – 16:15	Discussion (FAO and countries): Producing estimates in a phased approach Challenges and opportunities
16:15 – 16:30	Coffee Break
16:30 – 17:30	Conclusions : Current data needs, methodological gaps and way forward with FAO support (to be reported in the 24th session of AFCAS)
17.30	Closure of the workshop
