FARM STRUCTURE CENSUS 2010

Registered by the SO SR entry No. 105/10 as of 15 December, 2009
Confidential data protection is laid down in the Act No. 540/2001 Coll. on State Statistics in wording of later rules
The Statistical Office of the Slovak Republic is responsible for confidential data protection.

Identification part

<table>
<thead>
<tr>
<th>Municipality code</th>
<th>Interviewer ord. No.</th>
<th>Farm ord. No.</th>
<th>Identif. number of organisation</th>
</tr>
</thead>
</table>

Date | Stamp | Signature of holder or manager of the farm: | The form was completed by: (Name and surname) |

Signature:

Dear respondent,

This survey is a part of the Programme of State Statistical Surveys approved for the period of 2009 - 2011. In order to ensure the objectivity of the survey results we ask you to provide complete and correct completion of statistical questionnaire in accordance with General Methodological Guidelines for reporting units came into force from 1th July 2010 and submit it in given date to the relevant regional workplace of SOSR. Reporting duty to complete statistical questionnaire is based on the §18 of the Act No. 540/2001 in wording of later rules. Confidential data provided are protected, they are not published and are used only for needs of the Statistical Office SR. Thank you for timely provision and we look forward to further co-operation.

The way how to complete the identification part:
Rows 1, 2 and 3 are completed by relevant workplace of SOSR for registered reporting units or by interviewer for non-registered units.

Row 4
IN - the identification number is completed. If the identification number is only six-figures, enter zero on the first two positions.

Module (854)

Farm meets the criteria on the base of:

<table>
<thead>
<tr>
<th>Criteria</th>
<th>yes = 1, no = 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>a) areas of utilised agricultural land at least 1.0 ha</td>
<td>1</td>
</tr>
<tr>
<td>b) areas of vineyards, orchards or nurseries at least 0.5 ha</td>
<td>2</td>
</tr>
<tr>
<td>c) areas of tobacco, hops, vegetables, melons, strawberries and covered areas at least 0.1 ha</td>
<td>3</td>
</tr>
<tr>
<td>d) number of livestock - 1 cattle or 3 pigs or 5 goats or 5 sheep or 100 poultry</td>
<td>4</td>
</tr>
</tbody>
</table>

Negative questionnaire

Reason for negativity (description) ..............................................................................................................................................................................
........................................................................................................................................................................................................
........................................................................................................................................................................................................
........................................................................................................................................................................................................
........................................................................................................................................................................................................

Questionnaire completed from external sources

1
Information on farm

Contact address
Family name of farmer / name of organisation

First name of farmer

Name of municipality

Postal code (PSČ)  Code of municipality

Street

House descriptive number  Dialling code  Telephone number

Fax number  Mobile phone number

E-mail : ..................................................................................................................................................

Do you have a valid “Certificate for self-employed farmer”?: yes = 1, no = 2
(complete only by natural persons)
The Municipality Office’s name where this certificate was issued:
..........................................................................................................................................................
The name of district in words
..........................................................................................................................................................

Type and location of farm

Type of farm : natural person = 1, legal person = 2

Predominant place of enterprise:
name in words: municipality .................................................................
district ........................................................................................................

Geo-location of farm, 4 decimal places
Latitude
Longitude

Auxiliary data to determine the geo-location of farm
(complete only those farms which can not determine the geographic coordinates in rows 4 and 5)
code of the most important production block resp. part

takes agricultural activity place within 5 kilometres:
1 = from administrative seat
2 = from municip. center, which was designated as the predominant place
3 = no

Goal of farm economic activity
(complete only by natural persons)
Household consumes more than 50% of the value of the total own production
yes = 1, no = 2
Organic farming

Are you registered in the Organic Farm Register? yes = 1, no = 2 □ 1 if yes, continue

Area of organically farmed land in ha to 4 dec. pl. 

Area of cultivated land in conversion to organic farming in ha to 4 dec. pl.

Certified area + area under conversion, in ha to 4 dec. pl.

<table>
