

CLIMATE CHANGE IMPACTS AND ADAPTATION IN MOUNTAIN AREAS OF THE MENA REGION

Sources of Climate Change Finance: A Review of Options

Strategic Initiative on Climate Change Impacts, Adaptation, and Development in Mountain Regions.
MENA Regional Meeting, Marrakech (Morocco), 16-18 December 2012.

Financial mechanisms and tools to address climate change

Climate Funds Update | The latest information on climate funds

Home | Climate fund profiles | The data | Global trends | Regional trends | Focus of funding | Resources | About us

Climate Funds Update is an independent website that provides information on the growing number of international climate finance initiatives designed to help developing countries address the challenges of climate change.

This site details:

- [Where and by whom climate change funds are being developed;](#)
- [The scale of proposed and actual financing;](#) and
- What the funds support, in terms of [focus](#), [regions](#) and particular projects.

10 things to know about climate finance in 2012

Adaptation finance is used for more than just sea walls to protect us from rising sea levels

Financial mechanisms and tools to address climate change

<http://www.climatefundupdate.org/>

Global Climate Change Alliance (EU)

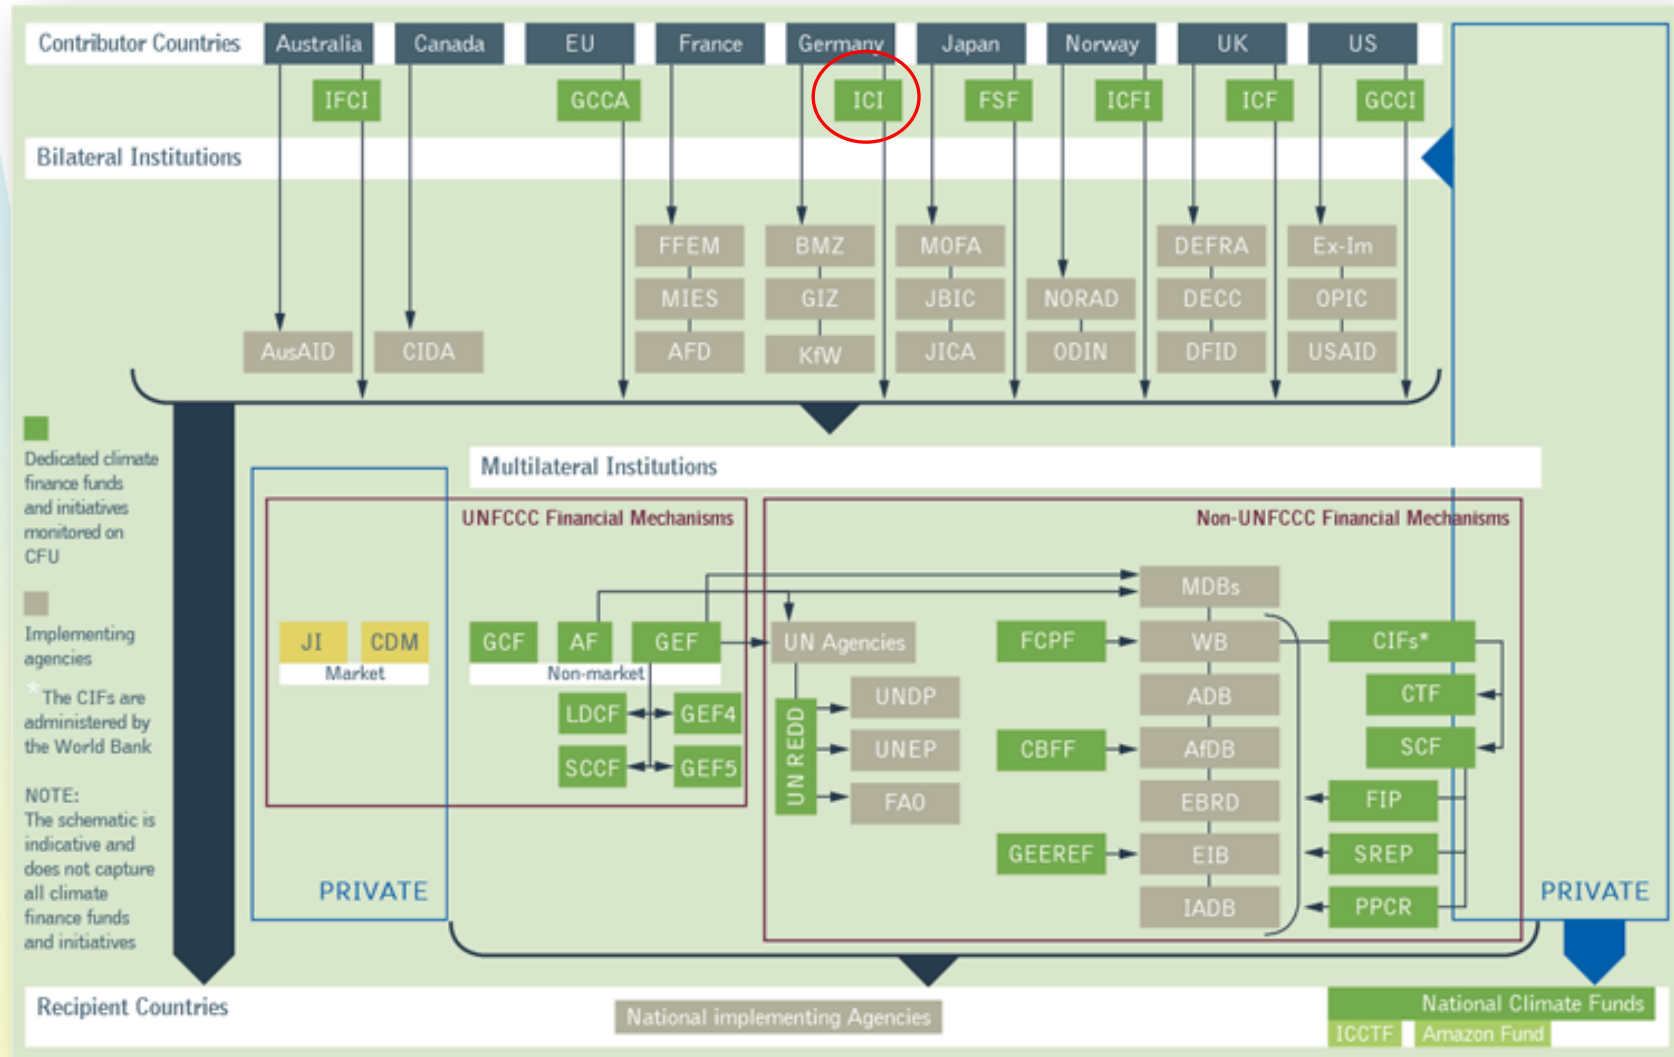

Its overall objective is to build a new alliance on climate change between the European Union and developing countries that are most affected and have the least capacity to deal with climate change

<http://www.climatefundupdate.org/>

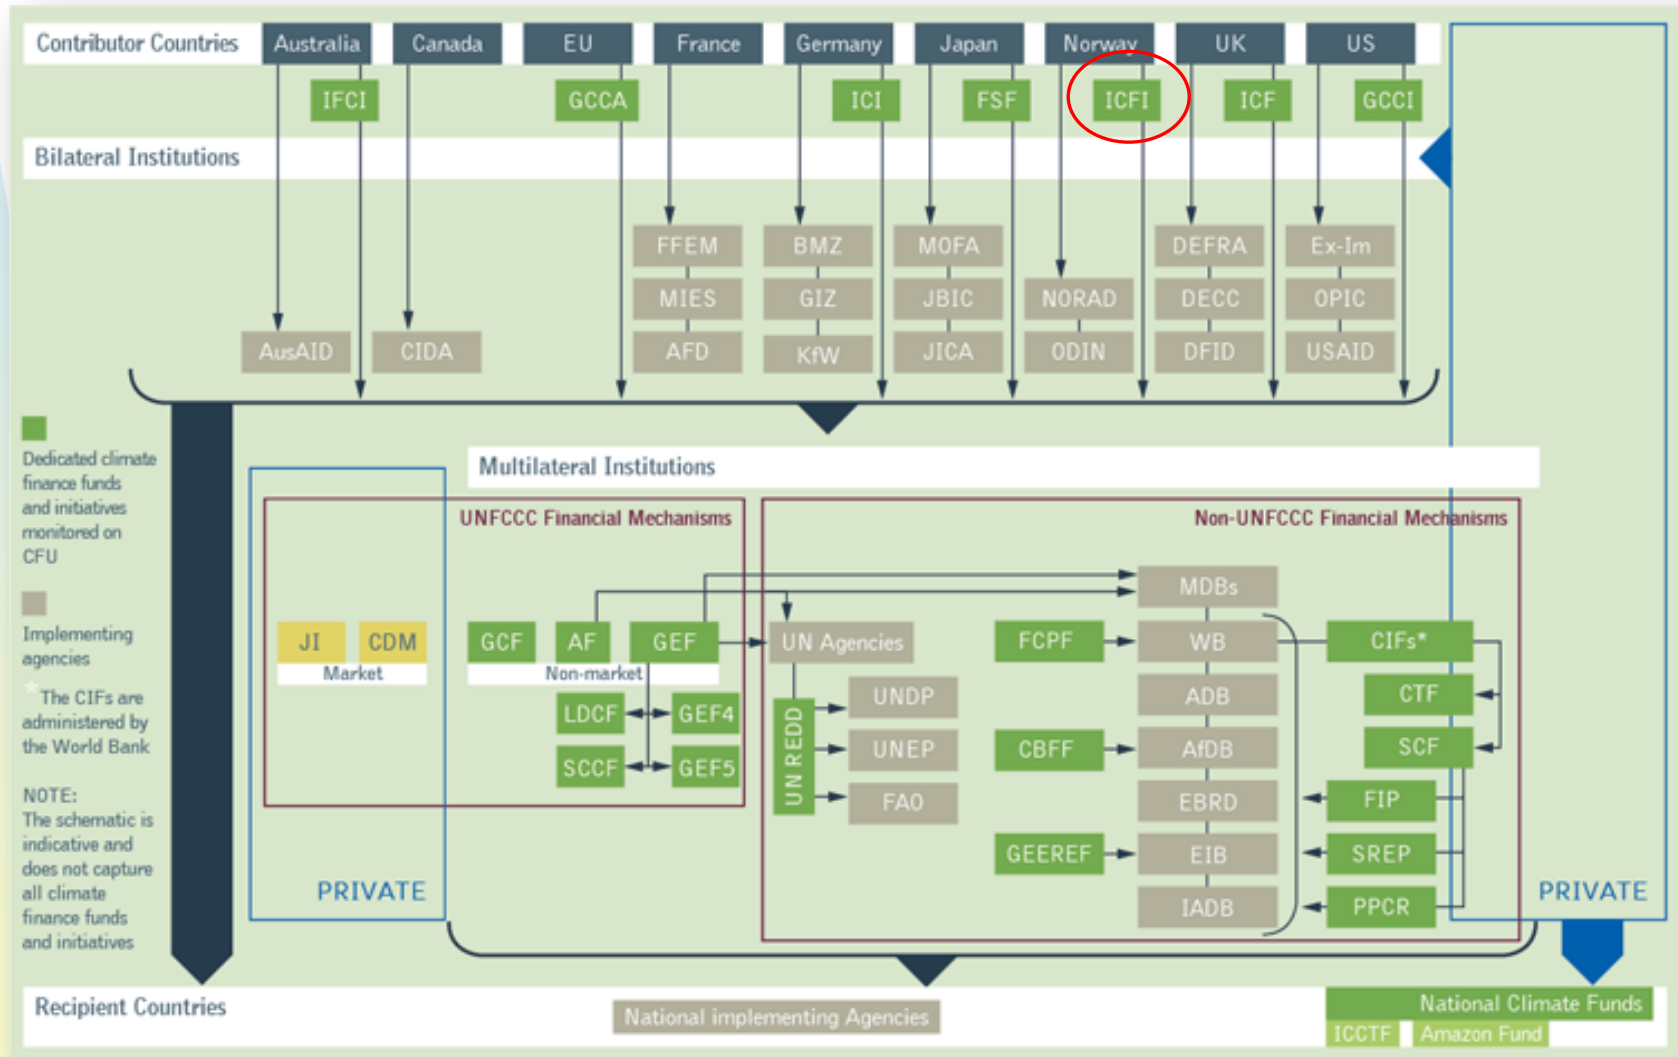

International Climate Initiative (Germany)

The ICI focuses on promoting a climate-friendly economy, measures for climate change adaptation and REDD

<http://www.climatefundupdate.org/>

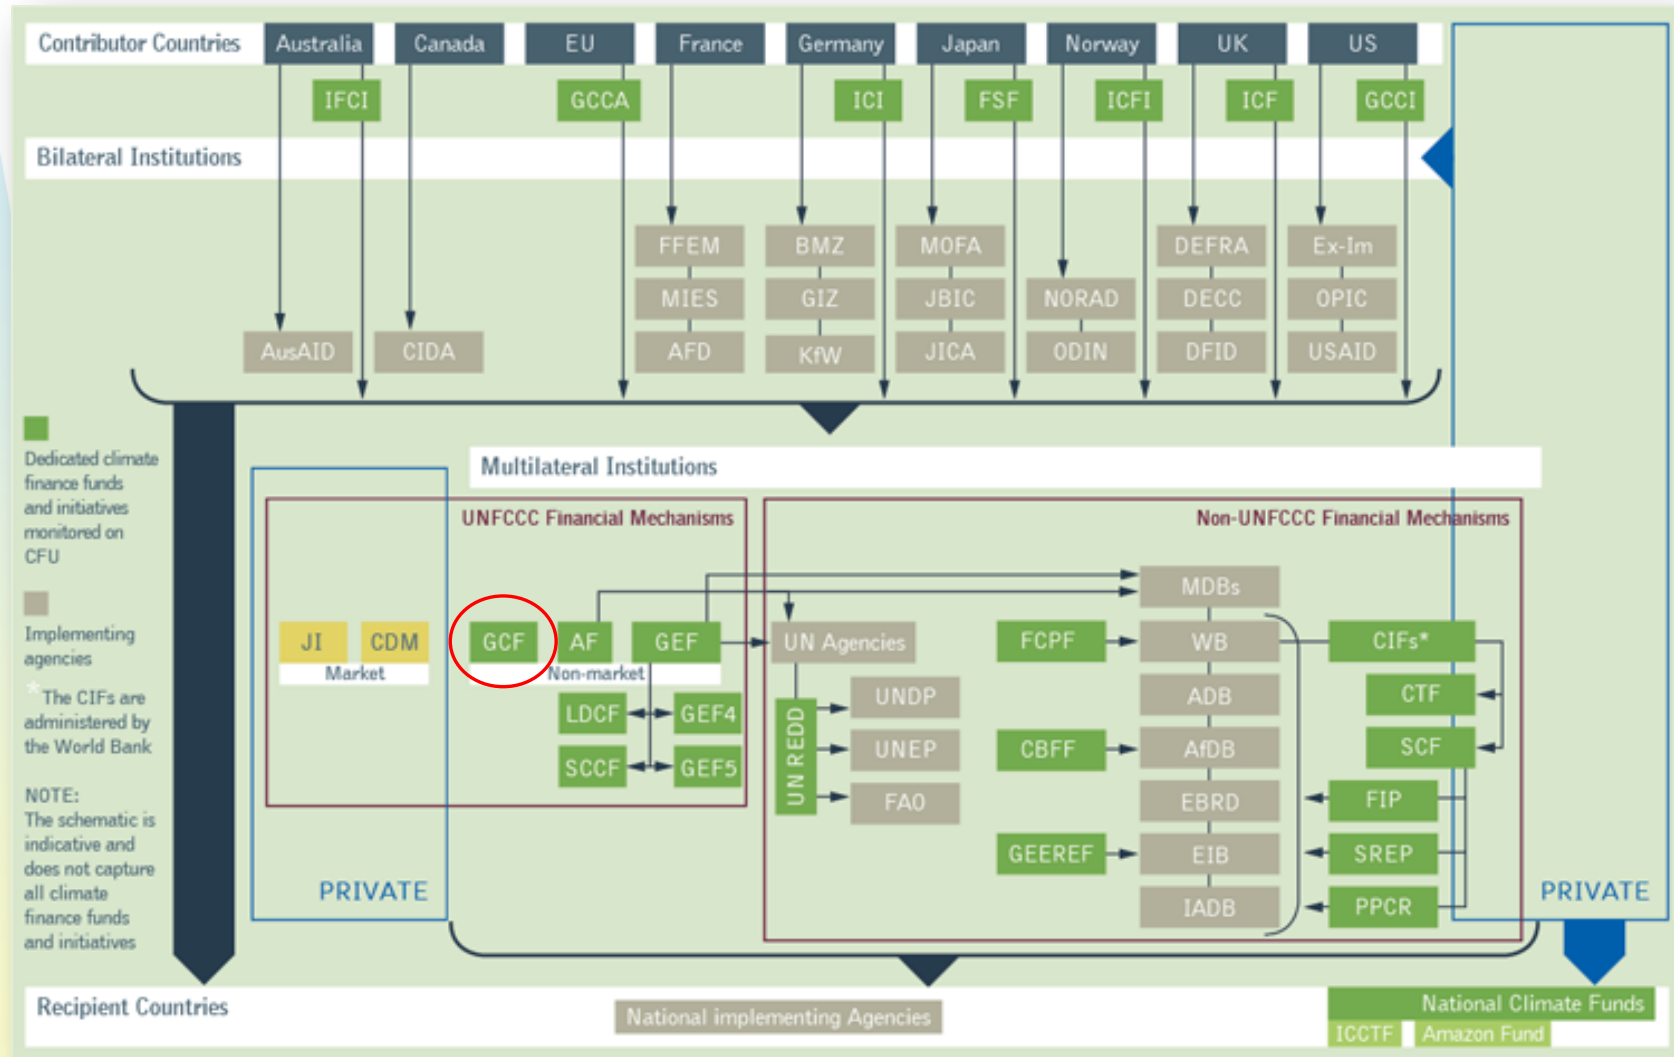

Norway's International Climate and Forest Initiative Supports the development of the REDD+ international agenda and architecture

<http://www.climatefundsupdate.org/>

Green Climate Fund (GCF)

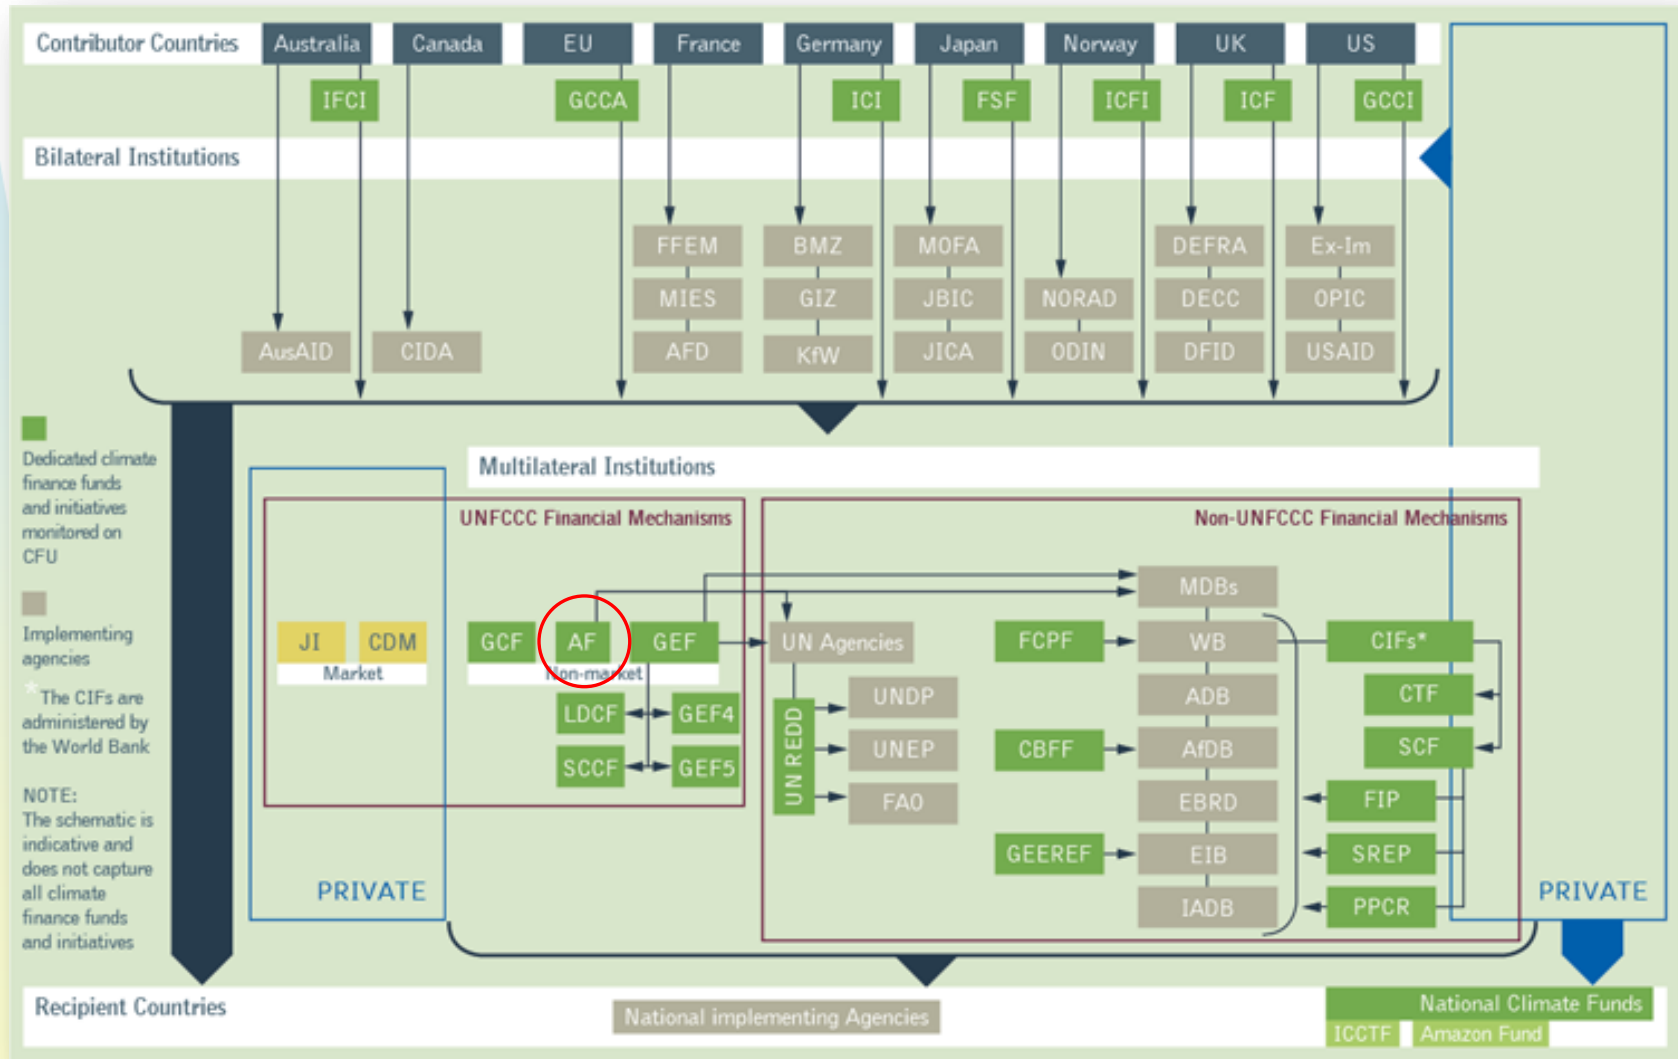

It aims to make an ambitious contribution to attaining the mitigation and adaptation goals of the international community. Is a promising new fund from the perspective of developing countries with mountain systems.

<http://www.climatefundupdate.org/>

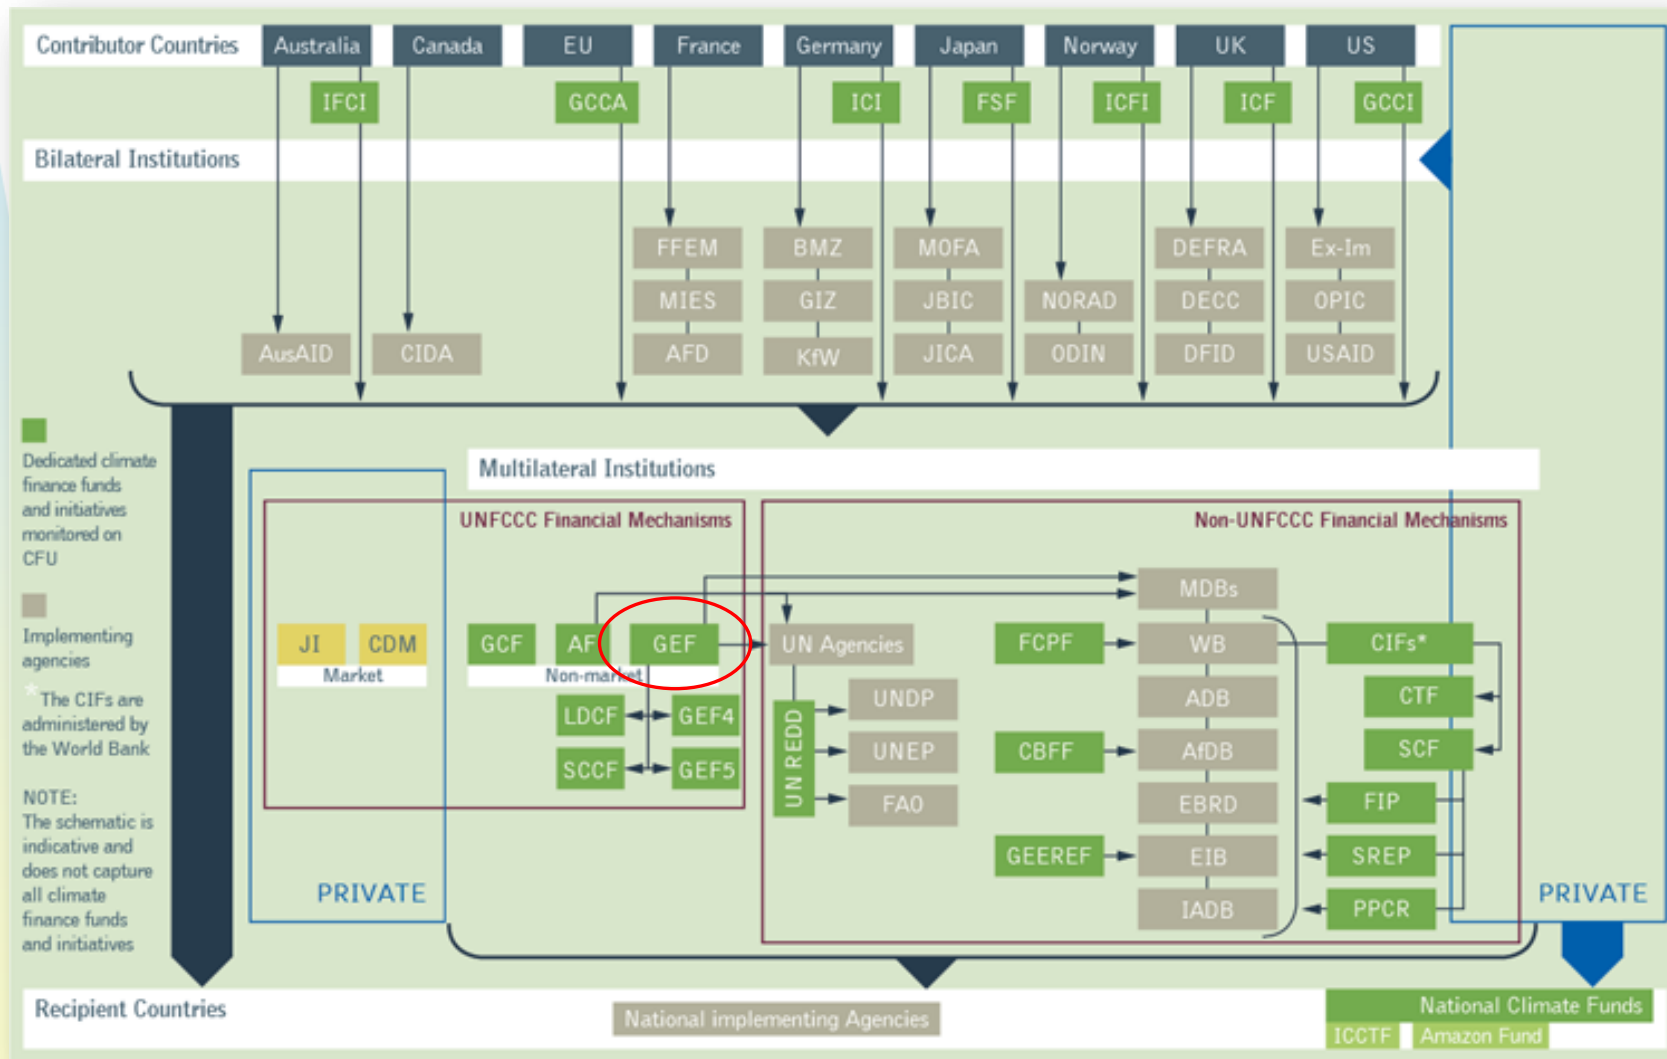

Adaptation Fund

The Fund is financed with a share of proceeds from Clean Development Mechanism (CDM) project activities as well as through voluntary pledges of donor governments

<http://www.climatefundupdate.org/>

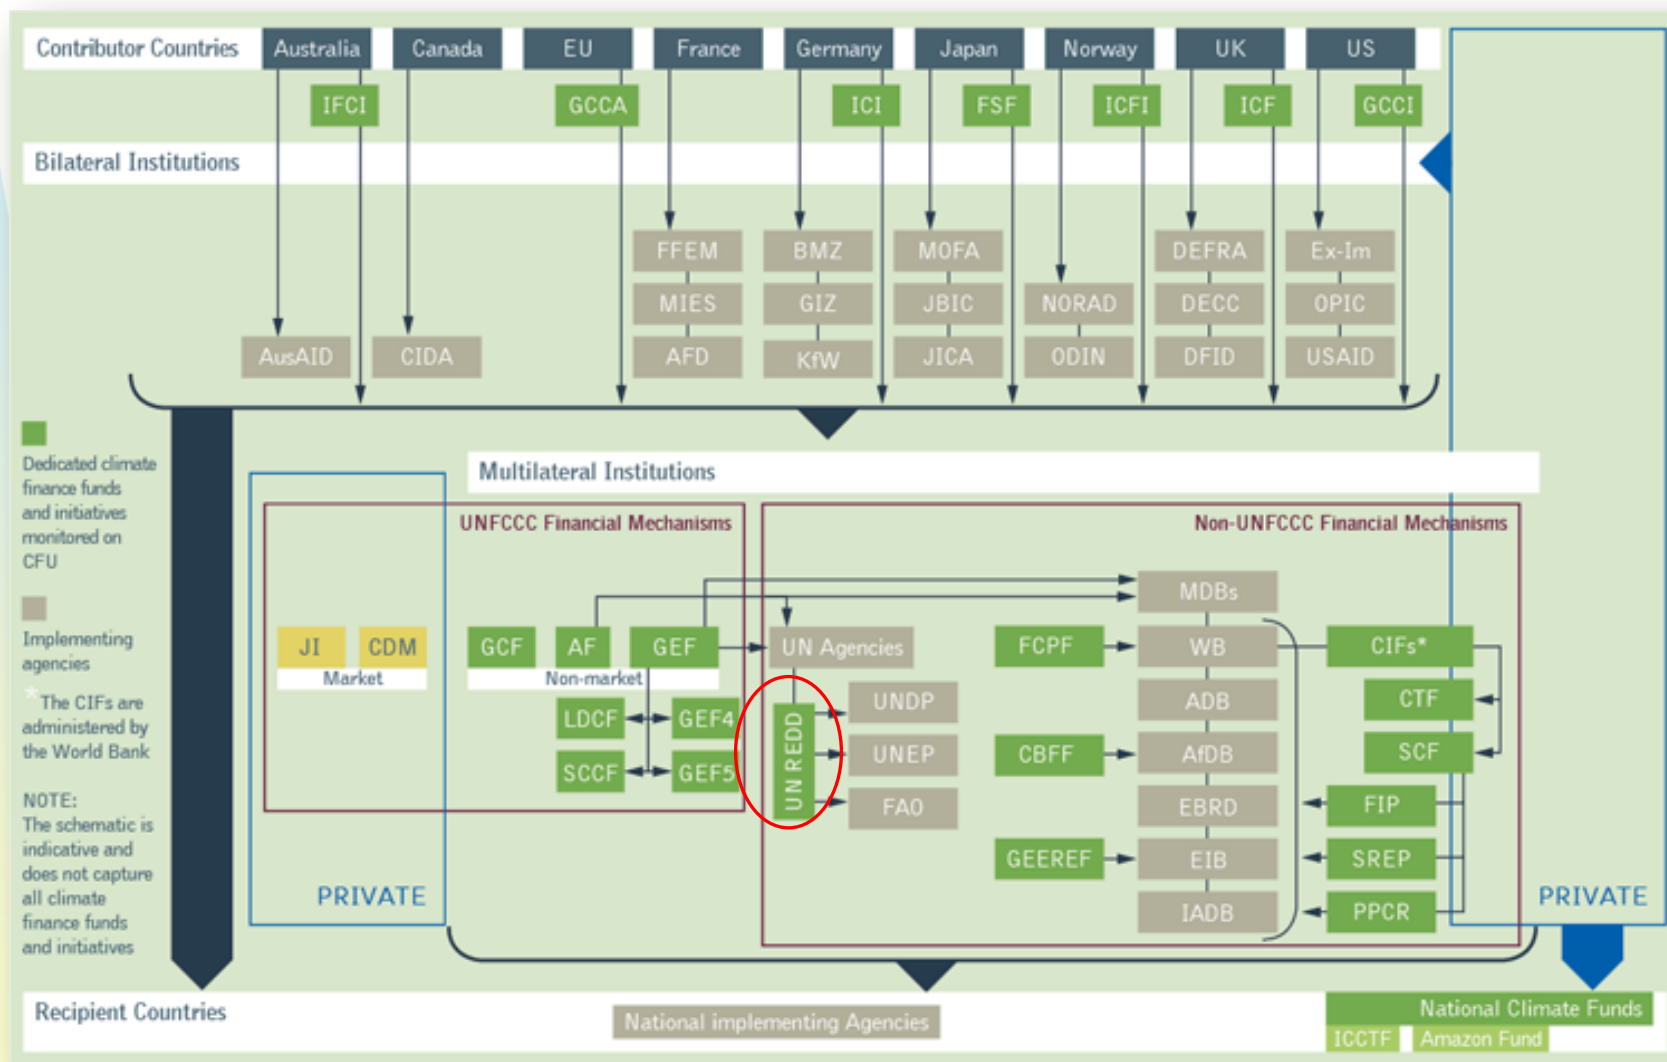

The Global Environmental Facility (GEF)
 Is an operating entity of the financial mechanism of the UNFCCC, It supports the implementation of multilateral environmental agreements. It is the largest funder of projects to improve adaptation of communities and ecosystems in developing countries and in transition countries.

<http://www.climatefundupdate.org/>

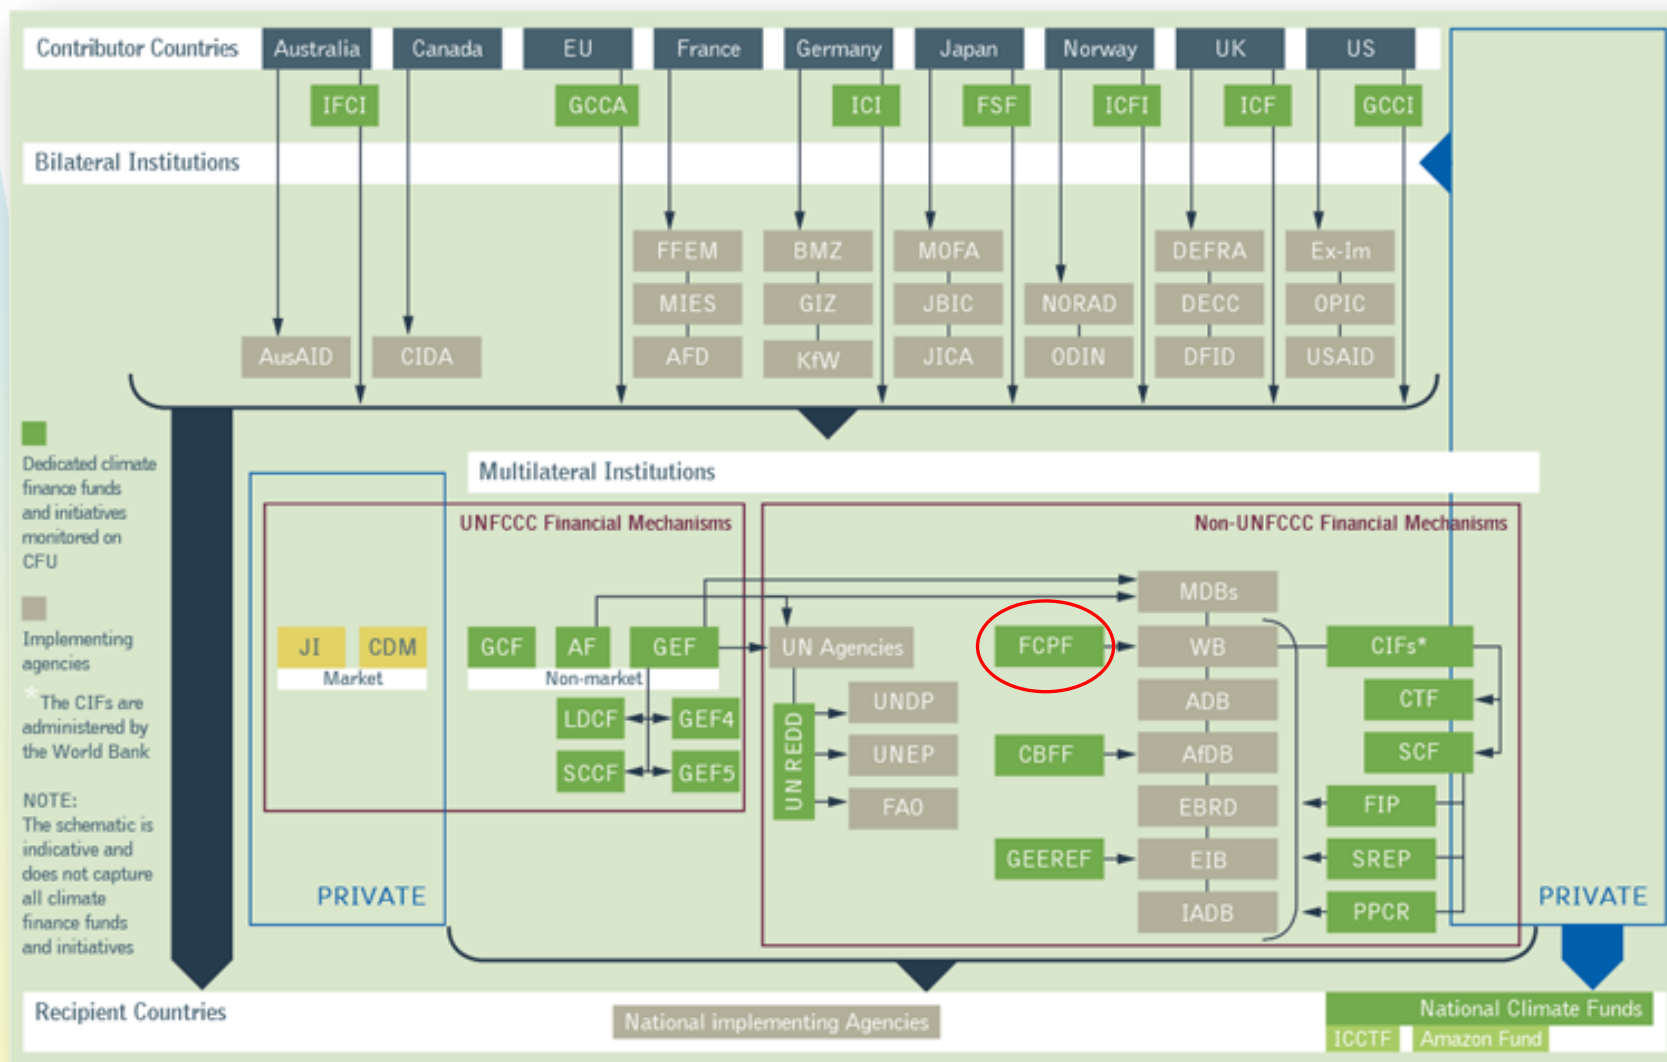

UN-REDD Programme

Supports nationally-led REDD+ processes and promotes the informed and meaningful involvement of all stakeholders in REDD+ implementation

<http://www.climatefundupdate.org/>

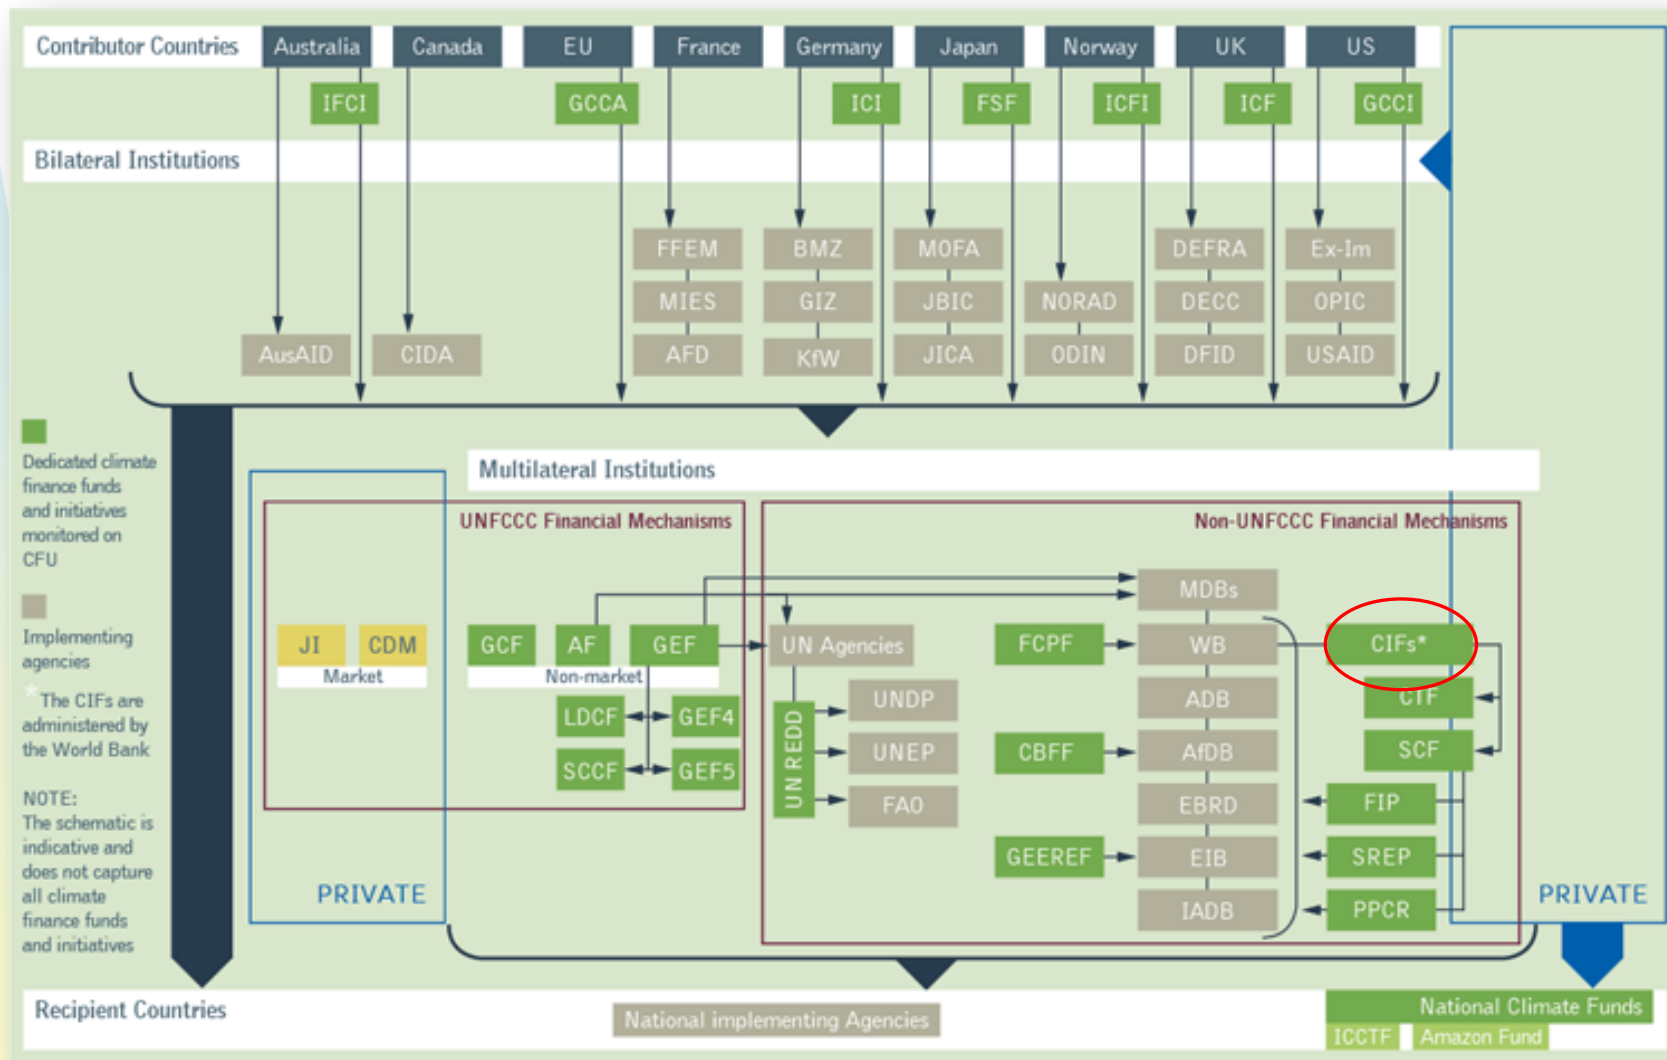

World Bank Forest Carbon Partnership Facility (FCPF) Was created to assist developing countries to build capacity to implement REDD+ activities

<http://www.climatefundsupdate.org/>

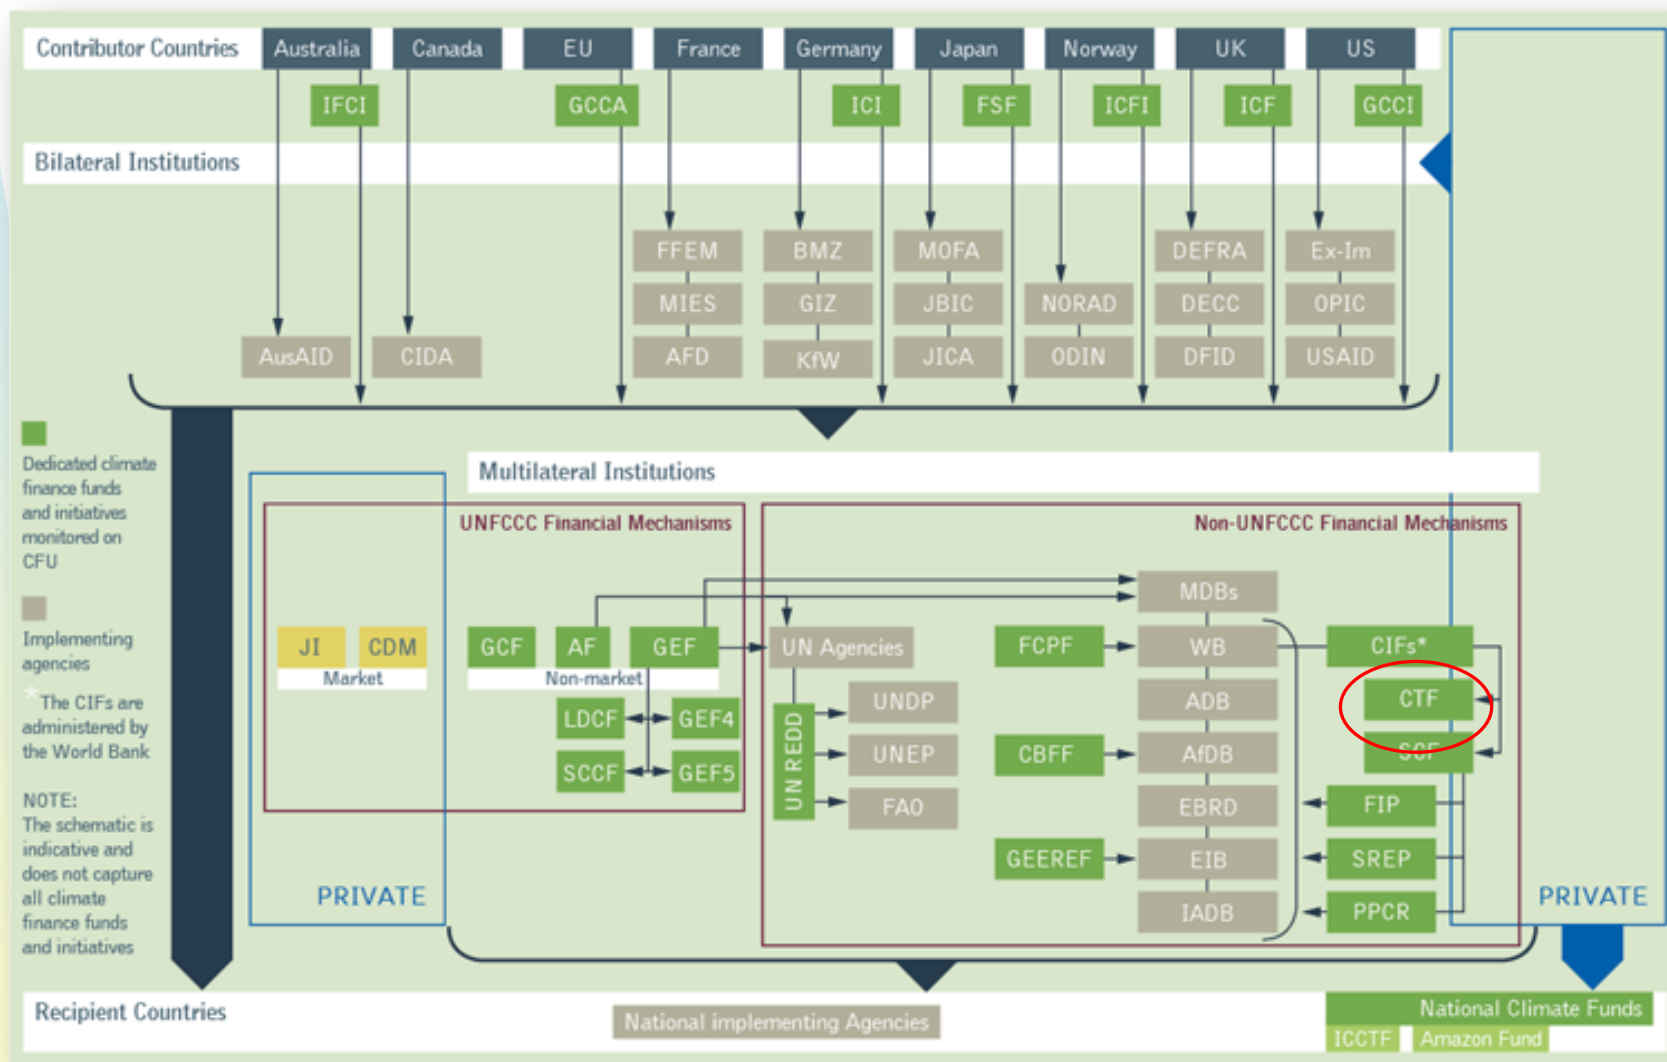

The Climate Investment Funds (CIFs)

Are administered by the World Bank in partnership with regional development banks. They consist of a Clean Technology Fund (CTF), a Strategic Climate Fund (SCF), the Forest Investment Program (FIP), and the Scaling-Up Renewable Energy Program for Low Income Countries (SREP)

<http://www.climatefundsupdate.org/>

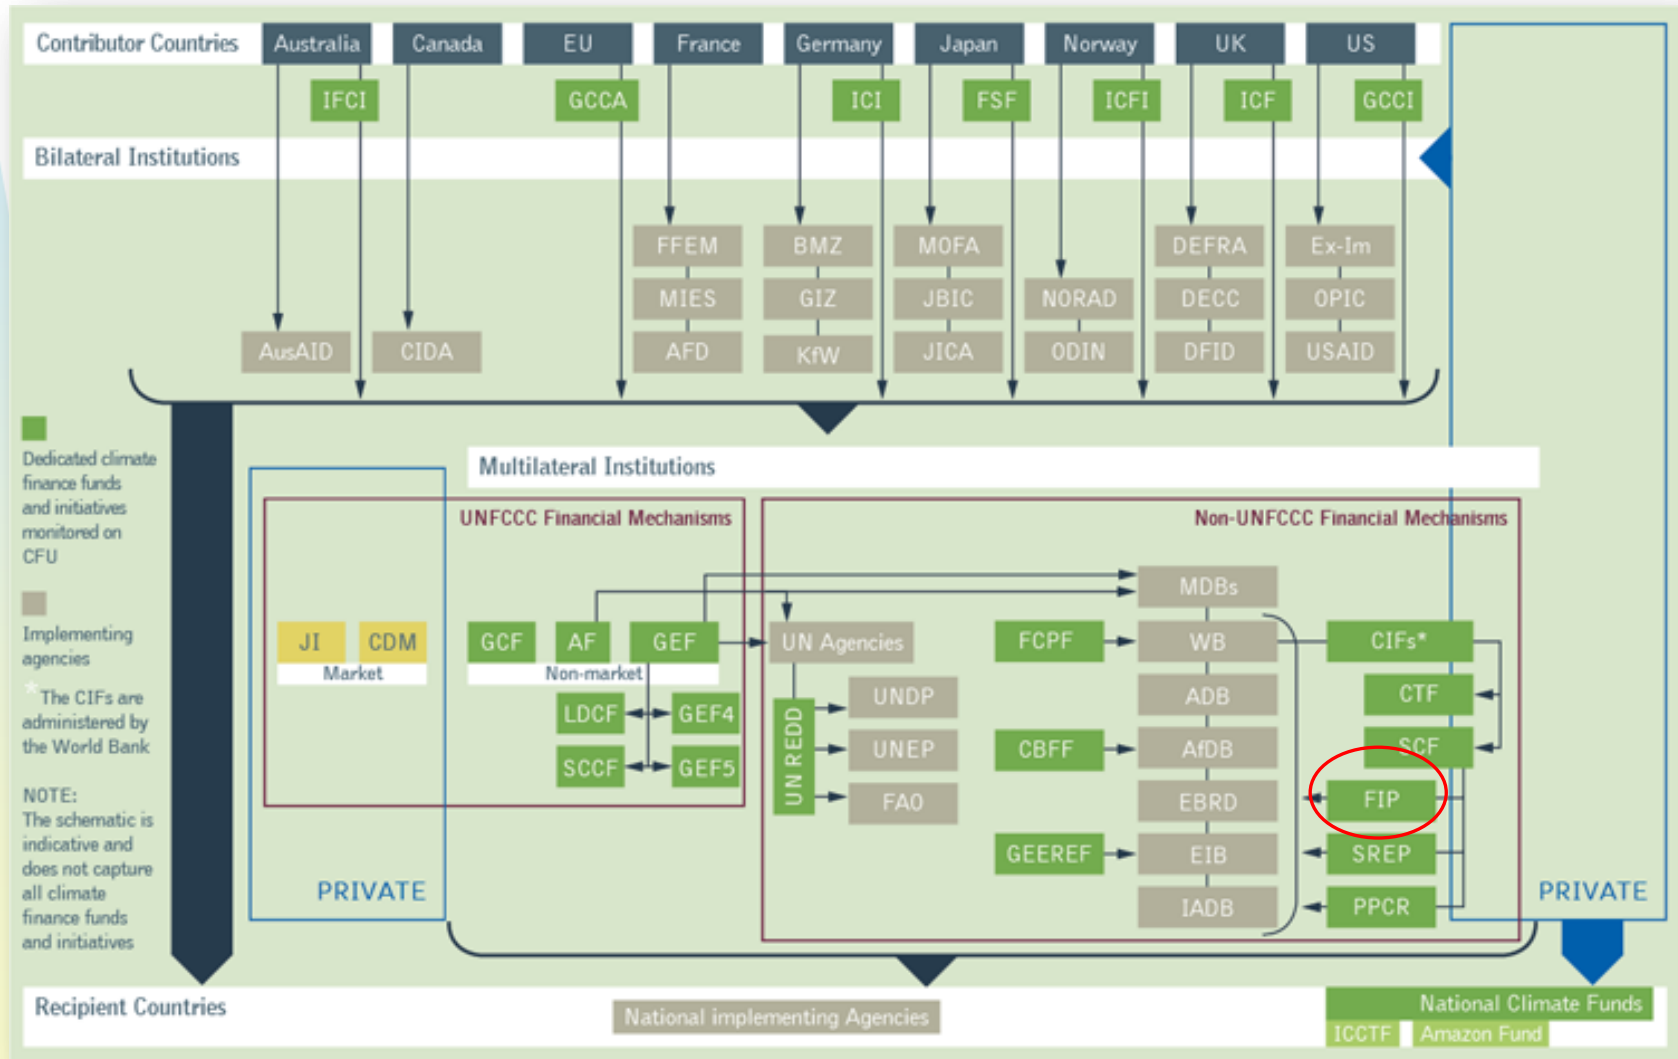

Clean Technology Fund : Promotes scaled-up financing for demonstration, deployment and transfer of low-carbon technologies with significant potential for long-term greenhouse gas emissions savings

<http://www.climatefundupdate.org/>

Forest Investment Programme (FIP)

Supports REDD+ implementation by providing scaled-up financing to developing countries for readiness reforms and public and private investments, identified through national REDD readiness or equivalent strategies
