

# Personal presentation

**YANG YI**

**Journal of Mountain Science**

Institute of Mountain Hazards and Environment, Chinese Academy of Sciences

[yangyi@imde.ac.cn](mailto:yangyi@imde.ac.cn)

**IPROMO**

*Bioeconomy in mountain areas – an opportunity for local development*

Pieve Tesino /Ormea 18 June -02 July 2018

# Education

Sept, 2009 — Jul, 2012, Master Degree in Information Management, Sichuan University, China

Sep, 2005 — Jul, 2009, Bachelor Degree in Information Management and Information System, Chengdu College of University of Electronic Science and Technology of China

## Employment and main activities

### **Form July 2012 to now:**

Editor , Journal of Mountain Science;

Librarian, Institute of Mountain Hazards and Environment (IMHE), Chinese Academy of Sciences (CAS), China

- editing the manuscript on mountain science, looking for the right reviewers, ensuring the quality of figures in the manuscripts, and so on.
- information retrieval, analyzing the development of mountain science by using literature analysis, and so on.

# My hometown : Sichuan, China

# Jiuzhaigou Valley

Jiuzhaigou Valley is an area recognized and listed as a world heritage site by UNESCO in 1992.

# 2017 Jiuzhaigou earthquake

Photos of the world heritage points in Jiuzhaigou Valley before the earthquake

Debris flow at Xiajijie lake in September 2017

Collapse on slope beside Laohu Lake

**Types of geological hazards caused by the Jiuzhaigou earthquake**

# **Institute of Mountain Hazards and Environment, Chinese Academy of Sciences**

The Institute of Mountain Hazards and Environment (IMHE), co-built by the Chinese Academy of Sciences (CAS) and the Ministry of Water Resources, was founded in 1966. The institute has a total of 294 staffs at present, including 40 research professors and 48 associate research professors.

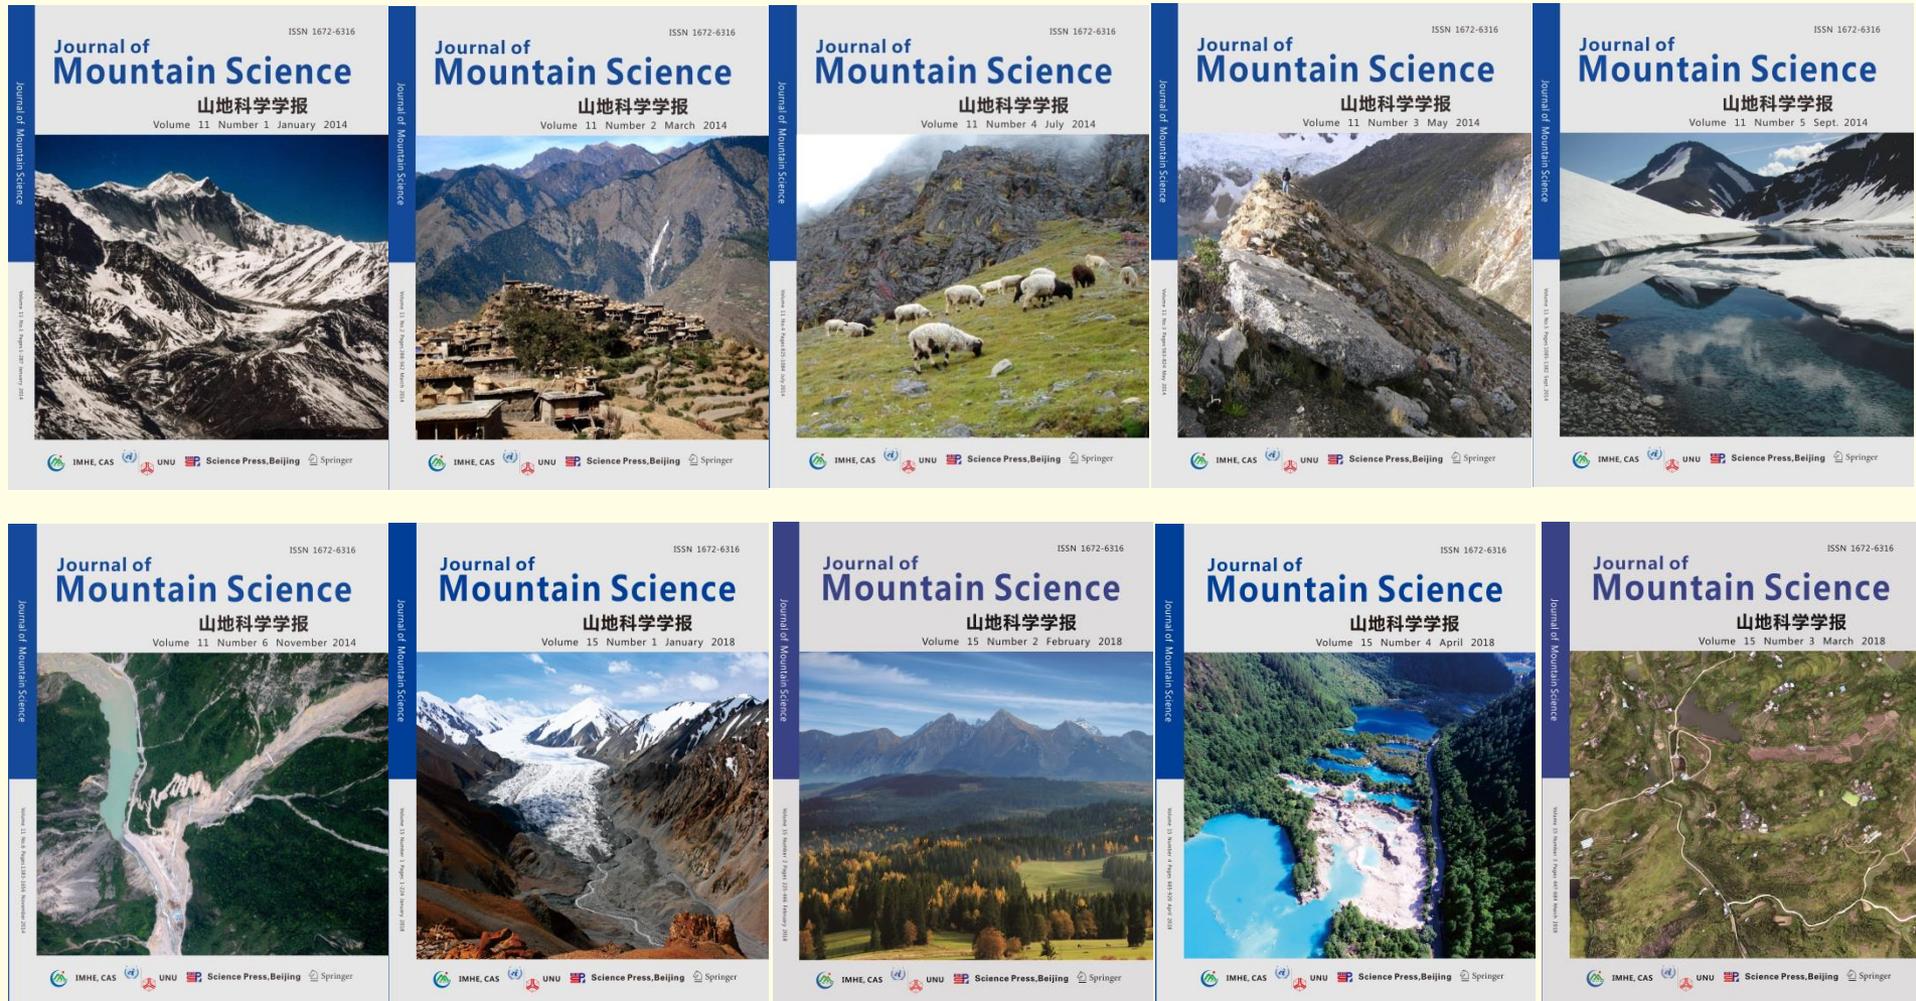

IHME has five research divisions :

- Key Laboratory of Mountain Hazards and Earth Surface Process
- Key Laboratory of Mountain Surface Process and Ecological Regulation
- Center for Mountain Development Research
- Center for Digital Mountain and Remote Sensing Application
- Engineering and Technology Research Center for Mountain Hazards Mitigation

# My present job: Editor of Journal of Mountain Science

Supervised by the Institute of Mountain Hazards and Environment, Chinese Academy of Sciences

# My present job: Editor of Journal of Mountain Science

Springer

One of the most international influence journal  
in China from 2014 to 2017

- ISSN 1672-6316; CN 51-1668/P
- Broad Readership and Interdisciplinary: Science , Engineering, Technology Devoted to mountains and their surrounding lowlands - ecoregions of particular global importance.
- An international English Journal (Published monthly)
- Published by China Science Press, Distributed by Springer around the world
- Indexed by/Abstracted by Science Citation Index Expanded (SCI-E), Georef, Scopus, Geobase.... (more than 20 important databases)

# Journal of Mountain Science

## • Key topics

### ➤ Mountain hazards

- Debris flow; Landslides and slope failure; Rockfalls; Dammed lake; Glacial lake outburst; Mountain flooding

### ➤ Mountain environment

- Glacier ; Climate change; Tree line; Ecosystem restoration; Soil erosion; Plant response to extreme environment conditions

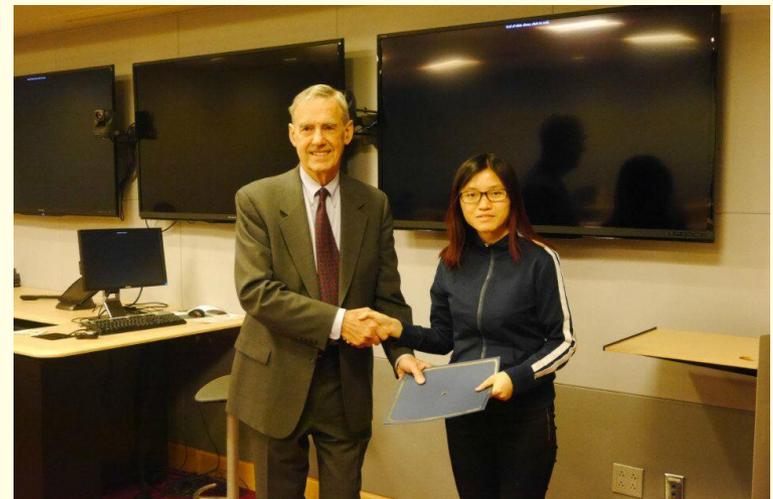

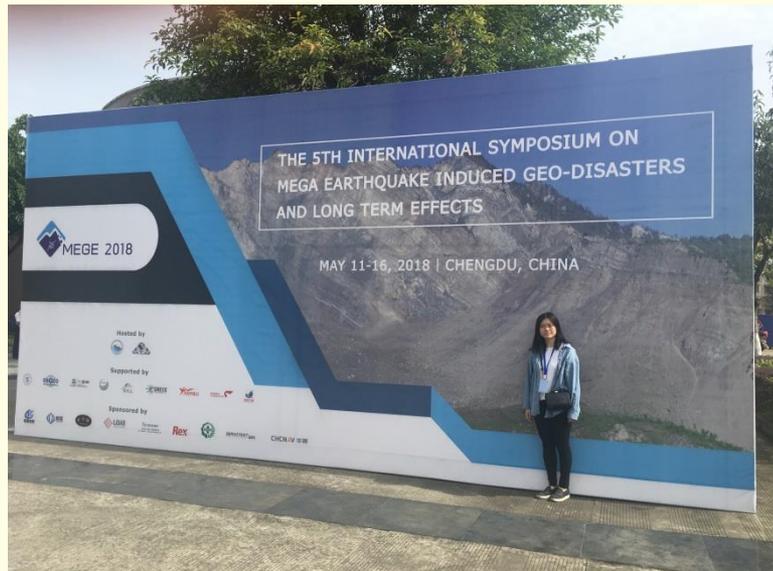

### ➤ Mountain development

- Mountain development strategy and planning; Mountain livelihood; Watershed management; Land use change; Mountain resource; Mountain tourism

### ➤ Geological engineering

- Large project construction in mountain areas

# Attend international meeting to introduce JMS

**Glad to meet you!**
