

Opportunities for piloting the mechanism

- Discussion with UN-REDD Programme in Viet Nam
- FAO as implementing agency for GEF and GCF. Other climate change financing sources such as IKI
- FAO has long history of work on mangroves (8 ongoing and 57 past projects). Recent effort to revive work on mangroves through integrated approaches
- Facilitate linking communities to potential buyers
- FAO Technical Cooperation Programme (TCP): regional and national projects
- Limited Regular Programme budget
- MFF to promote the use of project results in its grant program
