Committee on Fisheries 33rd Session

Rome, 9–13 July 2018

Side event

Delivering sustainable and responsible management solutions for ghost gear and bycatch

Thursday, 12 July 2018 – 12:45-14:15

Iran (B116 bis)

A lunch-time discussion hosted by FAO Vanuatu, Samoa, Fiji, Palau, Kingdom of Belgium, Netherlands, New Zealand and Panama in collaboration with World Animal Protection, the International Whaling Commission, WWF, and the Convention on Migratory Species and FAO.

The event will highlight sustainable fisheries management solutions for ghost gear and bycatch, focusing on the need and methods for data collection, available solutions and the role of FAO, Member States and other international bodies in coordinating global action.

This side event aims to demonstrate the partnership approaches and policy framework needed to effectively tackle the economic, social and environmental impacts of ghost fishing gear and bycatch. The side event will highlight progress being made in the development of best practice including international guidelines within FAO and next steps to support implementation.

Lunch will be served.
