

**Note by COFI Secretariat to statement by United States on Agenda item 11.1**

The Secretariat acknowledges the submission from the USA and wishes to provide the following information: The same version of the Action Plan has already been reviewed by COAG and COFO. Following COFI's review, a revised version will be presented to the PC 130 in March. Therefore, due to the time pressure for preparations for the PC 130, unfortunately, the Secretariat cannot accommodate any comments submitted after this session of COFI.
