

## **2. Adoption of the Agenda and arrangements for the Session**

1. The EU and its Member States note that the Secretariat has added agenda item 14.1 on the draft COFI agenda during the month of August, triggering the uploading of a new version of the draft agenda on the COFI website. We can agree on this addition.
2. We ask however that, from now on, changes to the draft agenda, after that the draft agenda already agreed by the Bureau has been posted on the COFI website, be explicitly communicated without delay to the COFI members, indicating the reason for the modification and the difference with the previous version. Such transparency would help COFI members to better prepare their interventions.
