15:55-16:00	Conclusion	Deyi Hou <i>INSOP Vice-Chair</i>

Moderated by: Fang Wang

Sergejus Ustinov

The Global Soil Partnership (GSP) is a globally recognized mechanism established in 2012. Our mission is to position soils in the Global Agenda through collective action. Our key objectives are to promote Sustainable Soil Management (SSM) and improve soil governance to guarantee healthy and productive soils, and support the provision of essential ecosystem services towards food security and improved nutrition, climate change adaptation and mitigation, and sustainable development.
