These TRAINING are OFFERED for FREE by these institutions (just registration needed)

Sustainathon 2022

- 24 hours – starting 20 Sept 2022 – 12:00 GMT - Ending 21 September
- Within RemtechEurope is a 24 hour online event - the Sustainathon. Over a whole day we hear news of how people are working towards individual SDGs - breaking down barriers to accessing the lessons we are all learning in making our soil and groundwater safe for us and the Earth's other creatures.
- Experts & speakers are asked to explain what their countries are doing to achieve SDGs
- **INSOP members** may propose their speeches to sustainathon2022@gmail.com

Remtech Europe Ambassadors

- Network of **300+**
- **40+** countries
- Public authorities, academia, consultancy, NGOs

STRONG CONNECTION WITH INSOP AIMS

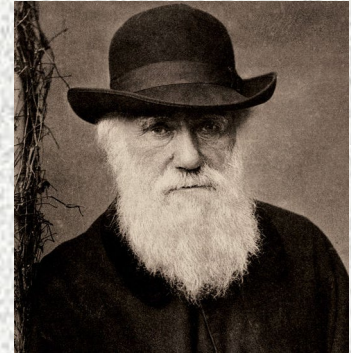

INSOP Aims

- Provide an international forum for the **generation and dissemination** of knowledge ...
- Promote and **exchange good practices**, practical and scientific skills and innovative solutions to manage polluted soils in a sustainable manner;
- Establish interdisciplinary **cooperative links** between governments, academia, the private sector, and society to stimulate the development of **cleaner and more sustainable solutions..**
- Strengthen technical and technological capacities through **coordination among existing networks**

Final remarks

*It is the long history of humanity that those who **learned to collaborate and improvise** most effectively have prevailed (Charles Darwin)*

Sustainable Development Goal 17 recognises the need for to Revitalize the **global partnership for sustainable development**; partnerships to make connections, share experiences, inspire, improve professional practices and engage with the societies we all serve and live in.

REMTECH EUROPE **will support** INSOP initiative
