6th Pacific Soil Partnership Meeting

21 and 22 August 2024

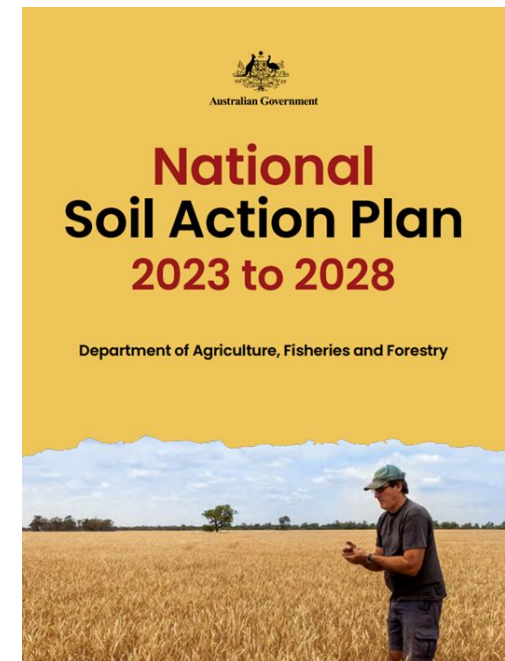

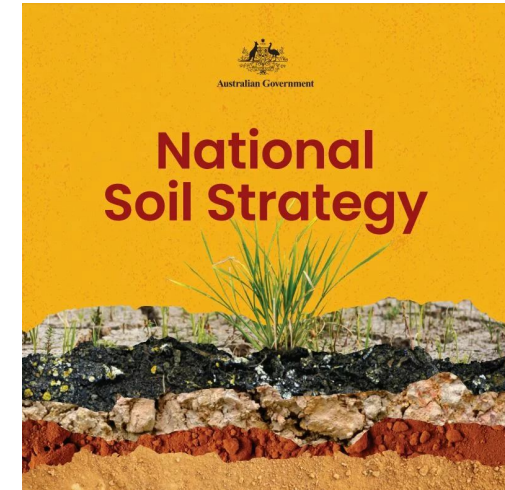

National Update: Australia

National Soil Strategy and National Soil Action Plan

- The Goals of the **National Soil Strategy (2021-2041)**:
 1. Prioritise soil health
 2. Empower soil innovation and stewards
 3. Strengthen soil knowledge and capability
- The Priority Actions of the **National Soil Action Plan (2023-2028)**:
 1. Measurement
 2. Strategy
 3. Adoption
 4. Capacity

Implementation of the National Soil Action Plan

- Implementation package to measure progress on achieving the action plan's priorities.
- Bilateral partnership agreements to deliver locally appropriate soil related activities.
- Continued support for the Regional Soil Coordinators and Soil Extension Community of Practice.
- Development of a National Soil Monitoring Program to understand soil condition and trends around Australia.
- Continued development of the Australian National Soil Information System (ANSIS) to provide accessible data for stakeholders to make better soil management decisions.
