Organizational Setting

The Regional Office for RNE is responsible for leading FAO's response to regional priorities for food security, agriculture and rural development through the identification, planning and implementation of FAO's priority activities in the region. It ensures a multidisciplinary approach to programmes, identifies priority areas of action for the Organization in the Region and, in collaboration with departments and divisions at Headquarters, develops, promotes and oversees FAO's strategic response to regional priorities. RNE also advises on the incorporation of regional priorities into the Organization's Programme of Work and Budget and implements approved programmes and projects in the region, monitors the level of programme implementation and draws attention to problems and deficiencies. RNE develops and maintains relations with region-wide institutions including the Regional Economic Integration Organizations (REIOs). The Regional Office supports regional policy dialogue on food security, agriculture and rural development issues, facilitates the emergence of regional partnerships, and supports capacity development and resource mobilization for food security, agriculture and rural development in the region.

Reporting Lines

The Agricultural Officer (Plant Production and Protection) reports to the Regional Strategic Programme Coordinator, works in collaboration with the Plant Production and Protection Officer in the Sub-regional Office in Tunisia and under the technical guidance of the Plant Production and Protection Division in HQ.
