Title: Joint EWG between CCRVDF and CCPR

Committee
Codex Committee on Residues of Veterinary Drugs in Foods (CCRVDF) and Codex Committee on Pesticide Residues (CCPR)

Sessions
CCPR53 (2022) and CCRVDF25 (2023)

Chair
United States of America

Working Language
English

Description of work
The EWG will review work done cooperatively between CCRVDF and CCPR and identify, if possible, prioritized areas of possible further collaboration between CCRVDF and CCPR, and how this could be carried out (e.g. jointly, in parallel, etc.) so as to facilitate the consideration of compounds with dual uses by both committees and the possible harmonization of MRLs (REP21/CAC, paragraph 64).

Note: This EWG was established by CAC44 (2021) to facilitate work between CCPR and CCRVDF on issues of common interest to both committees notably to enable the establishment of harmonized/single MRLs for compounds with dual uses to the extent possible.

The mandate of this EWG will not address matters pertaining to the mandate of the EWGs established by CCPR and CCRVDF within the framework of cooperation of work between the two committees.

Codex Contact Points are invited to share this invitation with their veterinary services and plant protection offices to facilitate coordination at national level and, if possible to appoint delegates that represent the two services to facilitate discussion in this EWG.

Timetable for work
Updates on preliminary findings will be provided to CCRVDF26 and CCPR53 within two months before the respective plenary meetings. The Joint EWG will continue its work as long as both CCRVDF and CCPR consider it useful.
