

Find the solution

Look at the colourful SDGs and messages that show how food and agriculture are an important part of achieving the entire set of goals. **Match each goal with the correct message.**

- 1 No poverty
- 2 Zero Hunger
- 3 Good health
- 4 Quality Education
- 5 Gender equality
- 6 Clean water and sanitation
- 7 Renewable energy
- 8 Good jobs and economic growth
- 9 Innovation and infrastructure
- 10 Reduce inequalities
- 11 Sustainable cities and communities
- 12 Responsible consumption
- 13 Climate action
- 14 Life below water
- 15 Life on land
- 16 Peace and justice
- 17 Partnerships for the goals

- a Fair, sustainable agriculture lifts communities out of poverty.
- b With sustainable agriculture, none of it is wasted!
- c The Earth has plenty to give: it's up to us to share!
- d 80% of the world's poor live in rural areas, let's start from there!
- e Well-fed, well-read: a good diet makes us brighter and ready to learn.
- f Innovative agriculture helps developing countries...develop.
- g Eating well, living well, living longer.
- h Better laws for fairer access to rural land.
- i Forests are huge nests of biodiversity, their future is our future.
- j We need to feed growing cities – by 2050 over 65% of the world will live in them.
- k Together we are stronger!
- l Does anything spell 'justice' more clearly than a peaceful Zero Hunger?
- m Waste is just not cool.
- n Women produce half of the world's food! They must have equal access to land.
- o Fish life is life for the 3 billion people fed every day by their protein.
- p Sustainable agriculture is part of the solution!
- q Let's use alternative energies for food production.
