

# Integrating Nutrition and Food Security programming for emergency response and resilience-building

## Next steps - Regional group

As a result of the selection process for this workshop/training, you, as country participants, represent the food security and nutrition clusters and have committed yourselves to take forward actions resulting from this event.

*What actions would you recommend to address the obstacles identified on the first day?  
Identify at least one action per type of obstacle that you would commit to take forward.*

Obstacle/barrier for integrating nutrition & food security	Action(s) recommended	Person / Organization responsible
Issues related to Data / Monitoring	<b>Standardized joint assessment on food security and nutrition (with integrated analysis)</b>	<b>FSNWG</b>
Lack of knowledge / expertise / capacities	<b>Knowledge sharing platform at decision making level</b>	<b>REC with the support of FAO</b>
Lack of policy commitment and gaps/weaknesses in policy and programming process	<b>Knowledge sharing platform (for integrating policy commitments into programme) at decision making level</b>	<b>FAO</b>
Donors request/attitude and lack of funds	<b>Donor sensitization on integration issues Cost efficient programming (for all of us)</b>	<b>FAO, SUN donor network</b>
Silos approach and weak coordination	<b>Cross-pollination</b>	<b>REC with the support of FAO and IGAD (IDDRISR)</b>

*Which platforms could you use as an entry point to implement these actions?*

**REC, FSNWG, EAC, African Union and IGAD**

*What are the opportunities in existing / up-coming programmes that you could use to integrate food security and nutrition?*

**IPC, IDDRISR, SUN, CAADP and FtF**

*How can the ToT participants support you in fulfilling these commitments?*

**Action plan for capacity building and sensitization**

*What kind of other support are you likely to need?*

- **ToT and support FSNWG**
- **Setting up a network for sharing and updating info on integration work**
