

## Agenda Item 4. GACSA Action Plan 2023

### 4.1 GACSA Action Plan 2023

Following the adoption and implementation of the Strategic Plan 2023-2032, the GACSA Facilitation Unit has been working on a GACSA Action Plan for 2023. This Action Plan includes several new flagship activity proposals to support the transformation of CSA thinking into action in the years to come.

These zero drafts have been developed together with GACSA Co-Chairs during weekly meetings, as well as through separate discussions and meetings with GACSA Facilitation Unit team members, GACSA Members, and Action Group co-leaders, based on the results of the GACSA survey conducted by Cornell University in 2020. The new activity proposals that are currently in the Action Plan 2023 are stated as per below:

1. GACSA Capacity Building
2. GACSA Compass Funding Platform
3. GACSA Shark Tank Approach

The outline of the 3 aspirational activities are annexed.

#### **Proposed decision:**

- SC provides feedback on the 3 (three) flagship activities and endorses the presentation of these proposals at the Annual Forum as part of the Action Plan 2023
- SC provides feedback on the GACSA Action Plan 2023 and recommend the Annual Forum to adopt implementation of this plan;

#### **Supporting documents:**

- GACSA Action Plan 2023
- Capacity Building proposals
- Funding Platform proposal
- Shark Tank proposal

### 4.2 Strategy for the Action Groups

As per the discussion held during the last SC Meeting, SC Members proposed that the current co-leads of the Action Groups work together on developing a proposal to review and revise the Action Groups (based on the recommendations) to help achieve the long-term mission.

During the last SC Meeting it has been discussed that there is an urgent need to broaden the management of GACSA, including the leads of the Action Groups in it.

**Proposed decision:**

- SC endorse the proposed decision that current co-leads of the Action Groups work together on developing a proposal to review and urge the Action Group leaders to revise the Action Groups (based on the recommendations) to help achieve GACSA's long-term mission.
- SC recommend the SC proposal to strengthening the management of GACSA

**Supporting documents:**

- Previous Strategic Committee Meeting Minutes
- PowerPoint to be presented by Mr. Hans Hoogeveen and Mr. Ernest Shea ([click here](#))
