

Integration of Forest Values into National and Local Planning and Poverty Reduction Strategies

Forester Orlando A. Panganiban
Chief, Forest Resources Management Division
DENR-Forest Management Bureau
ASEAN Social Forestry Network Leader - Philippines

Forest Values

- Productive
- Protective
- Aesthetic
- Cultural
- Ecosystem services

Integration of forest values into national and local planning

- Climate-proofing of the Philippines' Master Plan for Forestry Development
- Translation of the Master Plan into Local Operation Plan
- Preparation of Local Government Units' Comprehensive Land Use Plan
- Integration into the Medium-Term Philippine Development Plan

Integration of forest values into poverty reduction strategies

- Promoting Watershed Ecosystems Management
- Adoption of Community-Based Forest Management as the National Strategy for the Sustainable Development of Forestlands and Resources
- Implementation of the National Greening Program
- Public-private-community partnership

Thank you
