

The banner for the 2ND REGIONAL WORKSHOP ON INTEGRATED COMMUNITY DEVELOPMENT shows a scenic view of a village nestled in a valley, surrounded by green hills and mountains. The text on the banner reads: '2ND REGIONAL WORKSHOP ON INTEGRATED COMMUNITY DEVELOPMENT'.

The need for a regional technical network

- The workshop has shown that many good experiences exist in the region with integrated community development / local rural development.
- We can and should disseminate experiences and learn from each others experiences.
- FAO REU will share the draft Study on integrated community development for external review when ready (with those who sign up to review).
- FAO REU invites for broad partnerships in ECA between rural communities, governments, civil society, academia, private sector, international organizations and donors:
 - Organization of future regional workshops
 - Cooperation on normative work
 - Cooperation on specific projects at country level

2ND REGIONAL WORKSHOP ON INTEGRATED COMMUNITY DEVELOPMENT

How to develop the regional technical network?

- FAO REU is planning to organize the 3rd Regional Workshop on integrated community development in 2023.
- How broad or how narrow around community development should be the technical topics?
- How to further develop and enhance partnerships?
