

South-South Cooperation

The Way Forward

RNE

FAO's Role as a Facilitator of SSC

- ➔ Connect Providers with Users, and provide framework for agreement ;**
- ➔ Facilitate joint formulation of SSC initiatives and projects;**
- ➔ Provide technical backstopping supports;**
- ➔ Ensure compliance and technical quality assurance;**
- ➔ Promote mutual Learning from multi-country experiences;**

How to include SSC in RNE Activities

- **Update countries' CPFs and Plans of Action;**
- **Update Partnerships Integrated database in complementarity with HQ Gateway Exercise.;**
- **Identify and approach partners most interested in SSC;**
- **Mapping of current stakeholders, cooperatives, private sector, academia and civil society already working with FAO in the areas of resilience, food security and nutrition;**
- **Organize events and conferences with relevant partners fostering policy dialogue, governance mechanisms , capacity building and advocacy, across RI relevant sectors;**
- **Create a communication and outreach channel, coverage and dissemination of partnership activities**

What is Required

- ∞ Identify the Financial resources needed for the region (RP, TCP)***
- ∞ Understand the Method of Donor Fund Distribution***
- ∞ Take part in the selection of appropriate SSC funding mechanisms and agreements (Based on demand and negotiations for the priority areas identified)***
- ∞ A robust investment and resource mobilization mechanism, (Attempt to establish Regional Trust Funds on SSC - Iraq)***

What we should do?

- *Raise awareness and encourage revisiting country MOUs*
- *Promote Successful Global SSC stories (China, Brazil, Africa)*
- *Pursue win-win opportunities*
- *Create a platform for exchange of knowledge and experiences*
- *Scope specific areas of interest of potential resource partners in SSC in every region*
- *Inclusiveness in country (See CPF Tool One) and regional flagship programmes*
- *Visit FAO SSC Gateway: [FAO SSC Gateway](#)*

FAO SSC GATEWAY:

FAO South-South Cooperation Gateway

PROTOTYPE

Welcome to FAO's South-South Cooperation (SSC) Gateway

The Gateway provides:

- information about Southern countries' expertise and institutions in the realm of food security and agriculture;
- a starting point through which countries can engage FAO to facilitate SSC;
- an overview of FAO-facilitated SSC initiatives.

Areas of expertise Name of the institution Country

Featured Institutions

Animal Influenza Laboratory (AIL) of Harbin Veterinary Research Institute (HVRI)

Area of expertise: Agricultural research and extension; Animal health and veterinary services

Country: China

Biogas Institute of Ministry of Agriculture (BIOMA)

Area of expertise: Environment, climate change and bioenergy ...

Country: China

Map of FAO-facilitated SSC Initiatives

Thank you
