No. 2008/26

MARGARITA LIZÁRRAGA MEDAL AWARD 2008-2009

At its Twenty-ninth Session held in November 1997, the FAO Conference adopted Resolution 18/97 calling for a "Margarita Lizárraga Medal" to be awarded biennially by the Conference, upon the proposal of the Council, to a person or organization that has served with distinction in the application of the Code of Conduct for Responsible Fisheries of FAO. The Award pays tribute to the late Ms Margarita Lizárraga, a Mexican national who was serving as an officer in the Fisheries Department at the time of her demise in 1997, in recognition of her outstanding work in the field of fisheries for almost forty years and notably of her unwavering dedication to FAO, her strong commitment to the promotion of the fisheries sector, especially in developing countries, and her decisive role in promoting the Code of Conduct for Responsible Fisheries.

The Organization extends an invitation for nominations to be presented for the Margarita Lizárraga Medal Award for the current 2008-2009 biennium.

The general terms and conditions of the Award are as follows:

Nature of the recognition:

The Award will be in the form of a commemorative metallic medal, which will be inscribed with the name of the person or organization selected, as well as a scroll describing the achievements of the recipient. In addition, a round trip fare to Rome and Daily Subsistence Allowance, at approved UN rates, will be paid to the Award recipient. The charges for these expenses will be borne by a Trust Fund set up for the Award.

Eligibility:

Any person or organization that has served with distinction in the application of the FAO Code of Conduct for Responsible Fisheries.

Basic criteria:

The basic criteria, ranked by order of importance, for the selection process, as established in 1999 by the Selection Committee and applied since then, are:

an outstanding, practical hands-on contribution to the application of the Code of Conduct for Responsible Fisheries;

the output should be tangible;

the activity should be a sustained effort, and not a one-off initiative;
and

the output should have the potential for a snowball or catalytic effect.

Submission of nominations:

Proposals for nominations should be submitted by 31 December 2008. A person or organization may propose a person or organization that has diligently applied the FAO Code of Conduct for Responsible Fisheries. Submissions must be made on the specific electronic nomination form, which can be obtained from the FAO Website (http://www.fao.org/fi/reg_form/lizarraga/registration_form_en.asp), to the Secretary, Committee on Fisheries.

Margarita Lizárraga Medal Award Screening Committee:

An *ad hoc* Screening Committee chaired by the Assistant Director-General of the FAO Fisheries and Aquaculture Department and comprising representatives of the FAO technical divisions, namely the Directors of the Fisheries and Aquaculture Economics and Policy Division, the Fisheries and Aquaculture Management Division and the Fish Products and Industry Division, as well as the FAO Legal Counsel, with the Secretary of the Committee on Fisheries acting as Secretary, will review the list of nominations submitted to it by the Award Secretariat, and establish a short-list of three nominations for the Award, including an assessment of such nominations.

Margarita Lizárraga Medal Award Selection Committee:

The Award winner will be chosen by a Committee consisting of the members of the bureau of the Committee on Fisheries (i.e. the Chairperson, the first Vice-Chairperson and the five other Vice-Chairpersons of the Committee), the Assistant Director-General of the Fisheries and Aquaculture Department, and the Director-General, acting as Chairman of the Selection Committee. The Selection Committee will meet during the Twenty-eighth Session of the Committee on Fisheries in March 2009. At that sitting, the Selection Committee will make its choice on the basis of the list of candidates, including the respective assessments, drawn up by the Screening Committee.

Final Selection:

The Council will propose to the Conference the name of the person or organization to whom the Award should be conferred.

Conferral of Award:

The Award for 2008-2009 will be presented by the Director-General at a special ceremony during the Thirty-fifth Session of the FAO Conference in November 2009.

Jacques Diouf
Director-General

DISTRIBUTION: Headquarters, Regions, Subregions and Liaison Offices
FAORs and project managers
All field staff
All Permanent Representatives to FAO

Winners of the Margarita Lizárraga Medal

2007

Southeast Asian Fisheries Development Center (SEAFDEC)

The Southeast Asian Fisheries Development Center (SEAFDEC) was selected as the recipient of the Award for the biennium 2006-2007. The SEAFDEC is an intergovernmental organization with headquarters in Bangkok, Thailand, which was established in 1967 with the mandate to promote fisheries development in Southeast Asia. SEAFDEC has been devoted to the regionalization of the Code of Conduct for Responsible Fisheries and recently completed its process with the publication of four Regional Guidelines for Responsible Fisheries in Southeast Asia relating to Fishing Operations, Aquaculture, Fisheries Management and Post-harvest Practices and Trade. It also prepared Supplementary Guidelines on Co-management. With the process of regionalization and Regional Guidelines as outcomes, SEAFDEC has served with distinction in the application of the Code of Conduct for Responsible Fisheries, and its achievement is an outstanding and practical hands-on contribution to the application of the Code.

2005

The Agreement on the International Dolphin Conservation Program (AIDCP)

The Agreement on the International Dolphin Conservation Program (AIDCP) was selected as the recipient of the Award for the biennium 2004-2005. The AIDCP is an international agreement whose objective is to reduce dolphin mortality in the tuna purse-seine fishery in the eastern Pacific Ocean, and to ensure the sustainability of tuna stocks and associated species in the ecosystem. The Parties to the Agreement are Bolivia, Costa Rica, Colombia, Ecuador, El Salvador, the European Union, Guatemala, Honduras, Mexico, Nicaragua, Panama, Peru, the United States, Vanuatu and Venezuela. The AIDCP has been an unqualified success and has diligently applied the relevant principles set forth in the Code of Conduct for Responsible Fisheries, in particular those aspects relating to the precautionary approach and the utilization of fishing gear and techniques which minimize the catch of non-target species and allowed for the enormous reduction in dolphin mortality that was achieved. AIDCP was also commended for its active involvement with the fishing industry and environmental non-governmental organizations, which constituted a successful and exemplary interaction among the various stakeholders.

2003

The International Collective in Support of Fishworkers (ICSF)

The Margarita Lizárraga Medal for 2002-2003 was presented by the Director-General of FAO to the International Collective in Support of Fishworkers (ICSF) based in India, on 29 November 2003, during the Thirty-second Session of FAO Conference. ICSF is an International NGO working on issues that concern

fishworkers all over the world. The medal was presented to ICSF in recognition of its comprehensive, sustainable and catalytic initiatives in support of the Code of Conduct for Responsible Fisheries, through workshops, outreach and advocacy activities, as well as by mobilizing grassroots support and enhancing human capacity building, particularly in developing countries.

2001

The Canadian Responsible Fisheries Board and its Secretariat

The Canadian Responsible Fisheries Board and its Secretariat was selected for its unprecedented grassroots approach to the development of a national Code of Conduct based on the FAO Code of Conduct, which is resulting in responsible fisheries management and new partnerships between industry and the Government in the fisheries sector.

1999

National Fisheries Solidarity (NAFSO) of Sri Lanka

NAFSO was selected for its outstanding and practical initiative in promoting and disseminating the Code. In particular, this NGO has taken very practical steps to translate the Code into the Sinhala language, to print it and distribute it. In addition, to ensure the application of the Code, NAFSO organized a series of meetings in fishing communities thereby promoting a better understanding of various aspects of the Code among poor, small scale fishing communities. Without this work, it is highly likely that these largely illiterate fishing communities would not have had access to the Code.
